Annual Report completed by
Rick Hendrickson
Law Enforcement Administrative Specialist

From the Chief of Police

Message from the Chief David Smetana

I welcome the opportunity to share the 2021 Annual Report for the Village of Pleasant Prairie Police Department.

In 2021 our community, like communities across the nation, began to emerge from the pandemic that gripped our Village for over a year. While we were still feeling the effects of the pandemic, we began to return to a sense of normalcy as the year progressed.

During the year we continued our joint effort with the Kenosha Police Department to operate a Special Investigations Unit specifically implemented to investigate violent crimes and drug offenses that affect all of our communities. Numerous violent offenders have been apprehended due to the work of the SIU as they continue their efforts to investigate the violent crimes and drug offenses that affect the entire Kenosha region.

This type of collaboration with other area law enforcement agencies enhance the safety of our community and the greater Kenosha area as we realize violent crime has no boundaries.

The Pleasant Prairie Police Department also continued our long-standing commitment to other multi-jurisdictional law enforcement teams such as the Tactical Response Team, Crowd Control, Crisis Negotiations and the Arson Task Force. These initiatives provide experienced personnel to each of these teams, while enhancing the Pleasant Prairie Police Department and our community.

We are committed to hiring and retaining only the best officers to serve our community. Our hiring efforts during the year added high quality, experienced personnel through our lateral transfer entry program.

The Annual Report highlights the positive, proactive and collaborative work done by the men and women of the Pleasant Prairie Police Department as we work to provide a safe community.

Our Code of Ethics

I am a professional police officer whose fundamental obligations are to safeguard life and property, while protecting and respecting the constitutional rights and freedoms of the people.

While I consider the way I choose to conduct my private affairs a personal freedom, I accept responsibility for my actions and inaction, while on duty or off duty, when those actions or inaction bring disrepute on the image of the Pleasant Prairie Police Department, my fellow officers, or the profession.

I will perform all of my duties in a professional and competent manner. I consider the responsibility to be brave in the face of danger, and to exercise restraint in the use of my powers, to be the ultimate public trust. I accept that I am expected to consistently strive to achieve excellence in the performance of my duties. I will take affirmative steps to keep myself physically fit and mentally prepared to do the job the Village of Pleasant Prairie pays me to do.

I will be honest and tell the truth. I will not engage in misleading others, telling half-truths, or withholding information from those who depend on my being honest. I will obey the laws I am sworn to uphold. I will seek ways to comply with the standards of the Pleasant Prairie Police Department. I will obey the lawful orders of my supervisors.

I will treat others with courtesy. I consider it a professional weakness to allow others' behavior to cause me to lose control or act in an inappropriate manner. I will not allow others' actions or failures to become my excuse for not performing my duties in a responsible manner.

I will empathize with the problems and burdens of those people with whom I come into daily contact. However, I will not allow my personal feelings, prejudices, or friendships to influence the discretionary authority entrusted to my job. I will seek ways to avoid conflicts of interest that could compromise my official authority or public image.

I hold the authority inherent in my position to be an affirmation of the public's trust in me as a police officer. I do not take this trust lightly. As long as I remain in this position, I will dedicate myself to maintaining this trust and upholding the ideals of the profession.

Our Mission Statement

Mission Statement

It is the mission of the Pleasant Prairie Police Department to be the model of excellence in policing by building partnerships with our community and others to be:

Professional - We conduct ourselves like professionals from our dealings with the public to our dealings with each other. This encompasses the fact that we are reliable, ethical and highly trained.

Competent - We hold ourselves accountable for our ability to fulfill all aspects of our job. We seek additional training to develop our skill sets that are required to protect and serve our community.

Compassionate - We serve as Guardian Warriors. While we are compassionate towards all and take pride in treating our fellow community members with compassion and empathy, we are also passionate about protecting our community and vow to do so.

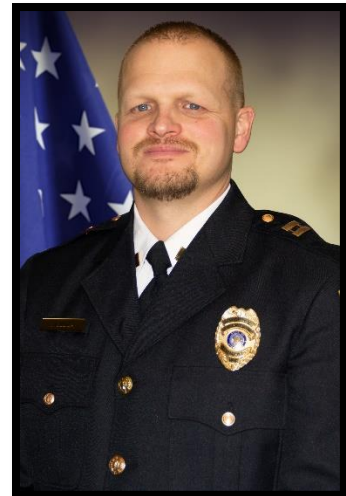

Police Administration

**Chief of Police
David B. Smetana**

**Captain of Patrol
Captain Paul Marik**

**Captain of Operations
Captain Barry Ollila**

Organizational Chart

Your Police Department

Who We Are

The Pleasant Prairie Police Department employs thirty-six Sworn Officers, one Community Service Officer, one Law Enforcement Support Manager, one Law Enforcement Administrative Specialist, and one Executive Secretary who serve a community of more than 21,000 residents spanning an area of over thirty-three square miles. In addition, the Department employs eight civilian Public Safety Dispatch employees who handle all calls for service for police, fire, and public works. We are also fortunate to have two volunteer Police Chaplains.

The Pleasant Prairie Police Department is organized into two bureaus; the Patrol Bureau and the Investigative Bureau. Captain Paul Marik oversees the Patrol Bureau. Captain Marik is assisted by Lieutenant Zachary Quever, who is assigned to second shift. Additionally, six patrol Sergeants are assigned across all three shifts.

Captain Barry Ollila oversees the Investigative Bureau. The Investigations Bureau is comprised of three Detectives who investigate all reported crime. Another Detective is assigned to the Special Investigations Unit which is comprised of several different law enforcement partners. The function of each bureau is an important component in assuring that the Pleasant Prairie Police Department maintains the professional operation expected by the community we serve.

Our department values independent decision making and problem-solving strategies. Using a community-oriented policing philosophy, our department has fostered strong partnerships between our schools, faith-based community, civic organizations, and citizens. This type of collaboration greatly enhances our crime fighting tactics and tends to reduce crime and the fear of crime in our community.

We believe that preventing crime is a community effort and it is our role, as your Police Department, to provide the training and information necessary to help our citizens take an active part in crime fighting efforts.

Every member of the Pleasant Prairie Police Department is committed to our Mission and Core Value Statements, which are summed up in our Mission Statement: Professional, Competent, Compassionate.

Accreditation

The primary mission of the Wisconsin Law Enforcement Accreditation Group, or WILEAG, is to offer a voluntary and affordable method of achieving professionalism through the accreditation of law enforcement agencies and to assist those agencies to better serve their communities.

Accreditation is a progressive and time-proven way of helping institutions evaluate and improve their overall performance. The key to any successful accreditation system lies in the consensus of published standards obtaining a clear statement of professional objectives. WILEAG promotes excellence in law enforcement through participation in a voluntary law enforcement

agency accreditation program. Accredited agencies demonstrate compliance with applicable standards covering all aspects of law enforcement administration and operations.

Holding a status of accreditation demonstrates to the community that the police department makes sure that best practices are followed and that they are recognized as the best police practices in the State of Wisconsin.

Patrol Operations

Mission

The mission of the Patrol Bureau is to ensure the safety and security of those who live, work, and visit the Village of Pleasant Prairie. This mission is accomplished by providing timely and professional public safety services to the community utilizing a problem-solving approach in partnership with the community through prevention, suppression, and apprehension strategies. The Patrol Bureau is comprised of Uniformed Patrol Staff, School Resource Officer, K-9 Unit, S.W.A.T., Honor Guard, Drug Recognition, and Accident Investigation. These units make up the largest portion of the Pleasant Prairie Police Department.

K-9 Unit

Officer Michael Algiers is the department's K-9 Handler. Officer Algiers and K-9 Chase were partnered up at T.O.P.S. In Dog Training and went through eight weeks of training to certify them for patrol. Chase is a dual-purpose K-9 that is trained in narcotics detection, evidence locating, tracking, criminal apprehension, and handler protection. In August 2019 Officer Algiers and K-9 Chase completed a patrol certification through the North American Police Work Dog Association (NAPWDA). Officer Algiers and K-9 Chase have been called on numerous occasions to assist both our police department as well as neighboring police agencies. They continue to train and build on their skills as a team.

Tactical Response Team (TRT)

Tactical Response Teams continue to play a vital role in enforcing laws, particularly in situations that regular patrol officers aren't trained or equipped to handle. The goal of the TRT team is to respond quickly to dangerous situations and bring them to a swift and hopefully non-violent conclusion.

Ultimately, the goal is to mitigate and minimize casualties to whatever extent possible through special training and tactics. In so doing, their function provides a greater service to the public at large.

The Kenosha County Sheriff's Department runs the S.W.A.T. team, with two Pleasant Prairie Police Department members on the team; Officer Michael Algiers and Officer Neil Steinmetz. Several City of Kenosha Police Department members are also on the team. This year Lieutenant Paul Marik retired from the team.

Crisis Negotiation Unit

Hostage or Crisis negotiation is a technique used to communicate with people who are threatening violence in any number of situations, including workplace violence, domestic violence, or suicide. This can include barricaded subjects, stalkers, criminals attempting to escape, and hostage-takers.

Hostage negotiation is often initiated by the first officer(s) on the scene until relieved by other specially trained law enforcement members. Officer Andrea Brey is part of the Kenosha County Sheriff's Department's Hostage Negotiation Team. Officer Brey has completed the FBI's Basic Crisis Negotiation Training, the National Tactical Officers Association's Advanced Crisis Negotiation Training, Crisis Intervention Training, Advanced Crisis Intervention Training, and regularly attends Wisconsin Crisis Negotiators Association conferences.

Crisis Intervention Team (C.I.T.)

C.I.T. officers have undergone training to de-escalate without force, properly restrain individuals and make initial assessments on how to handle a crisis situation. Ideally, once a C.I.T. trained officer responds to a call, they can help de-escalate the situation, keeping the subject and bystanders safe, and then put those involved in contact with the mental health resources that are needed. These officers attend regular in-service trainings, meetings with other C.I.T. members and boards, while completing their normal duties as law enforcement officers.

The goal of the Pleasant Prairie Police Department is to have every member trained in C.I.T. Well over half of our members are trained so far.

Motorcycle Unit

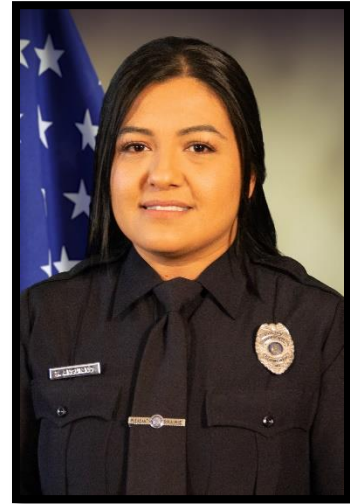

The Pleasant Prairie Police Department has one Harley Davidson motorcycle which is operated by First Shift Motor Officer Patrick Gainer. The motorcycle is used during the spring, summer, and fall. Besides being used for normal patrol, it is used for traffic enforcement and for special events such as triathlons and parades.

Prior to operating the motorcycle, Officer Gainer will be attending Motor Officer Training put on by Northwestern University. This nationally recognized school will prepare Officer Gainer to operate the motor safely and effectively.

School Resource Officer

The Pleasant Prairie Police Department has one School Resource Officer, Officer Sarai Anguiano. School Resource Officers take an interactive approach with students at their schools. They not only investigate crimes on campus, but also participate in a variety of activities including the following:

- Act as a liaison between school administration and the Police Department.
- Perform classroom presentations concerning law enforcement as a career, child safety, traffic safety, drug prevention, and alcohol prevention.
- Patrol campuses and surrounding neighborhoods.
- Coordinate and implement active shooter drills.
- Work collaboratively with the Police Investigative Bureau and other Kenosha County agencies.

The School Resource Officer maintains an open and honest relationship with students, which promotes a positive image of law enforcement, often preventing incidents from arising on campus due to their presence and relationships with the community. Working closely with the schools, the youth, and their families, the Pleasant Prairie Police Department strives to keep our children safe.

Evidence Response Team

The beginning of each calendar year, the Evidence Team assesses training needs. In 2021, the Evidence Team participated in several different trainings. These trainings included, but were not limited to the following:

- Shooting Evidence
- Fire Evidence
- Vehicle Evidence Processing
- Sexual Assault
- DNA Evidence
- Suspicious Death

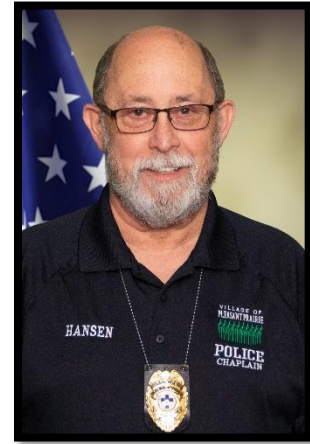

These trainings allow our Evidence Team to maintain our competence in this discipline. Some of our personnel attended an 80-hour Evidence Technician training hosted by the Kenosha Police Department. Kenosha Police Detective Sergeant Dan Bandi and his staff have continually provided exceptional evidence training. Their training has undoubtedly improved our Evidence Team's knowledge, skills, and abilities. Evidence processing is an integral part of investigations and prosecuting an individual for the crime(s) they committed.

Police Chaplains

The Chaplains of the Pleasant Prairie Police Department exist to be a resource to community members, officers, and other department personnel. Chaplains Pastor David Pagel (L) and Pastor Charlie Hansen (R) are on call to be utilized by officers in the community when there is a critical incident where a tragic or sudden loss has occurred. They interface with community members to help them deal with sudden trauma and grief providing them with a caring presence as well as additional resources to help them through their ordeal. Chaplains also work directly with

officers and personnel as a resource to them as they deal with the stress and demands of law enforcement. The work of a law enforcement Chaplain encompasses the tangible, emotional, and spiritual needs of people under duress.

The duties of the Police Chaplain may include, but are not limited to:

- Riding along with officers on routine patrol on various shifts.
- Offer training to officers in areas of critical incident stress management and dealing with the public during traumatic events.
- Accompanying a police officer to assist with death notifications.
- Working with police officers to assist in any kind of crisis where the presence of a trained Chaplain might help.
- Counseling department members in response to stress or family crisis problems. The counseling is privileged and confidential between the officer and Chaplain involved.
- Visiting with sick or injured members of the department.
- Offering invocations at special occasions such as recruit graduations, award ceremonies, and dedications of buildings, etc.
- Assisting the Police Department in the performance of appropriate ceremonial functions.
- Providing practical assistance to victims.

PEER Support

The Pleasant Prairie Police Department's PEER team is dedicated to taking care of our law enforcement members and their families during times of personal and professional crisis. PEER provides a confidential, non-judgmental opportunity to share personal experiences with other members.

PEER support provides an empathic, listening ear while providing educational material, external recourses, survival stories, facilitation for professional help, and much more.

Through PEER support, members can increase self-esteem, confidence, social skills, coping skills, illness management, and healthy lifestyles while it has the potential to reduce substance abuse, health care costs, mortality reduction, and depression.

The main objective of the Pleasant Prairie Peer Support Team is to provide all members the opportunity to receive emotional and tangible support before any problem escalates to a crisis level. PEER strongly promotes the sense that members are not fighting alone and encourage the idea that seeking help is not a weakness.

The Pleasant Prairie PEER Support Teams' main mission is to bring awareness to mental health. In September 2021, the Pleasant Prairie Police Department in collaboration with the Pleasant Prairie Fire Department and the Mount Pleasant Police Department had the opportunity to contract Speaker Silouan Green. Silouan served in our Armed Forces as a Marine and educates through his experiences with tragedy and Post Traumatic Stress Disorder (PTSD). He has trained thousands of police officers and first responders in bringing awareness to PTSD, depression, and suicidal ideations. Silouan is an outstanding advocate who believes in PEER support, our mission, and the importance of seeking help. We were extremely fortunate to have all our employee's attend this presentation.

In October 2021, the Pleasant Prairie PEER team members received Mental Health First Aid certification. This certification was highly recommended by our own, Mary Waldon, LCSW. Through Mary's extensive network she introduced our team to Kate Goldhaber, PhD, who instructed the class. This extensive training, taught team members how to identify, understand and help someone who may be experiencing a personal or professional mental health crisis. From the instructor, to the presentation, to the hands-on exercises, this class is highly recommended for all PEER teams.

Investigative Operations

Mission

The mission of the Investigative Bureau is to identify and arrest those individuals who engage in criminal activity. Our Detectives investigate all crimes occurring in the Village of Pleasant Prairie that are beyond the resources of the Patrol Bureau. The Investigative Bureau is managed by a Lieutenant who is responsible for assigning cases to our four Detectives, and handling day-to-day operations.

Detectives work closely with other law enforcement agencies, local courts, and the District Attorney's Offices. Detectives participate in all forms of investigative activities which include: surveillance, serving arrest warrants and search warrants, evidence processing, and interview and interrogation. Detectives investigate a wide variety of crime which ranges from fraud to homicide. Some investigations can take months and sometimes years to fully investigate. Our Detectives have an advanced level of expertise by attending specialized training and by working complex cases.

Case Spotlight

Apprehension of Violent Subject

In 2021, the Pleasant Prairie Police Department responded to numerous reports that involved a male subject who reportedly assaulted his girlfriend on numerous occasions. Despite attempts to locate and apprehend the suspect, he was able to leave the scene of the reported crime prior to officers' arrival. On one occasion, an officer located the suspect driving and attempted to perform a traffic stop. The male suspect fled and drove recklessly putting the public in danger and the pursuit was terminated. The suspect was later located and apprehended in the City of Racine. The suspect was later charged with the following: Second Degree Reckless Endangering Safety, Flee/Elude, Strangulation, Bail jumping, Disorderly Conduct, Hit and Run.

Robbery Dick's Sporting Goods - Solved by DNA Evidence

On January 13, 2021, the Pleasant Prairie Police responded to Dick's Sporting Goods for a robbery complaint. The suspects attempted to exit the business with merchandise they did not pay for. An employee at the business confronted them as they walked to the exit and one of the suspects physically assaulted the employee as they left the business. The suspects were able to flee the area prior to law enforcement arrival.

It was determined the suspect(s) left behind a baseball hat and a pair of shoes. The hat had been worn by one of the suspects. Evidentiary DNA swabs were collected from the hat and shoes and submitted to the Wisconsin State Crime Laboratory. The DNA positively identified one of the suspects who was responsible for the robbery.

Gas Station Burglary- Digital Multimedia Evidence Assists with Arrest

The investigations Bureau commonly investigates crime which involves digital multimedia evidence. Video evidence, when available, provides significant assistance with criminal investigations. The video recovered from these businesses or residential entities varies in quality and format. Ryan Marquart, an employee of the Village's Information Technology Department, has received advanced training in forensic video analysis. He is currently one of only eight LEVA (Law Enforcement and Emergency Services Video Association) Certified Forensic Video Technicians in the state of Wisconsin. Ryan Marquart has assisted with video enhancements, CCTV extractions, reverse projection, metadata analysis, height and speed estimates, and video comparison projects, associated with Pleasant Prairie Police Investigations.

One of the more recent cases that utilized video analysis was a robbery that occurred at the State Line BP gas station. Ryan compiled a detailed comparison report using images from the station's CCTV system and images of recovered clothing from a stolen vehicle. Using video analysis comparison methods, it was determined the clothing seen in the CCTV had a high probability of being a match with the recovered clothing.

Communications

The Village of Pleasant Prairie has its own Public Safety Answering Point (PSAP). Our PSAP is considered a secondary PSAP because 911 calls are first answered by Kenosha County Joint Services and then transferred to the Pleasant Prairie Communications Center for calls that are within the Village of Pleasant Prairie. Our Communications Center is located within the Police Department at the Roger Prange Municipal Center.

The Communications Center is staffed with seven full time civilian Telecommunicators and one full time civilian Supervisor. Our staff provides round the clock coverage with a minimum of one Telecommunicator on duty.

Our Telecommunicators provide a variety of services which include answering a multiline telephone system consisting of six emergency 911 phone lines, three non-emergency police department lines, two non-emergency fire department lines, one public works department after hours emergency line, and four general non-emergency lines. Our Telecommunicators simultaneously enter emergency and non-emergency calls for service into a Computer Aided Dispatch (CAD) system, which assists in assigning emergency responders to calls, and keeps track of call data in one place, that also allows emergency responders have immediate access to call information while the Telecommunicator is still taking the call.

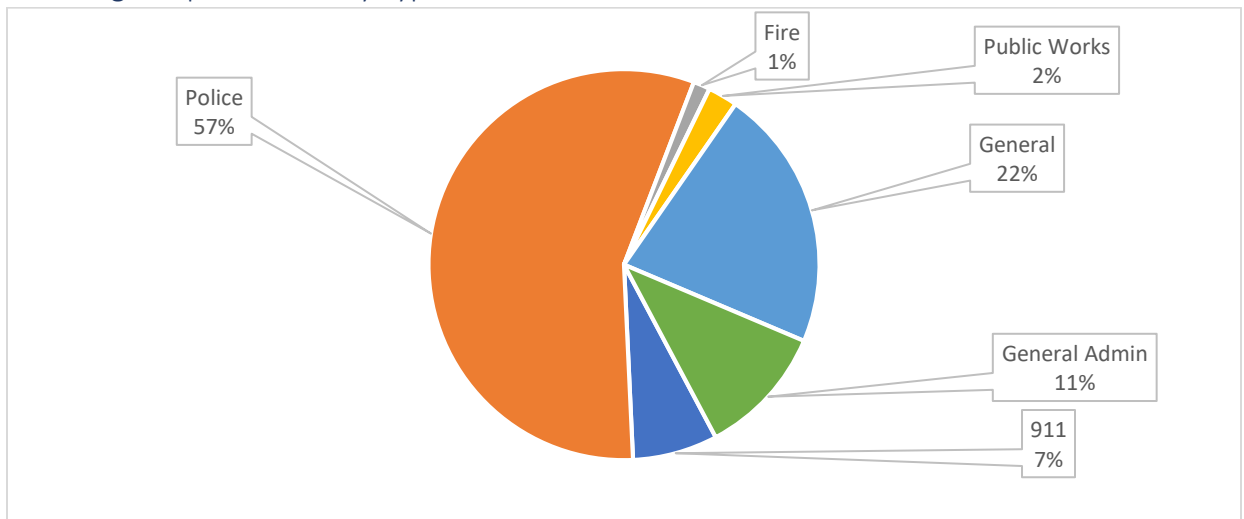

Along with answering and entering calls for service for Police, Fire, and Public Works, our Telecommunicators also provide some clerical duties. They enter and keep track of caller, victim, and offender information and ensure that information is up to date within our department records. They enter warrants for subjects who have not complied with court orders or paid their fines. They enter missing persons and stolen property such as vehicles, firearms, electronics, etc. into the National Crime Information Computer (NCIC).

National Incident Based Reporting System (NIBRS)

In 2021 the Pleasant Prairie Police Department switched federal crime reporting systems as required by the United States Department of Justice. Previously agencies used summary-based reporting (SBR) which was only a snapshot of the crime in their communities as it only reported the most serious offense in any given incident. The National Incident Based Reporting System (NIBRS) will track more crime types and up to ten offenses per incident instead of just one. This change may initially give the appearance of an increase in crime in our community but this is not the case as we are now reporting more types and offenses not previously required. The National Incident Based Reporting System allows users a deeper more thorough look into a community's crime statistics.

Honor Guard

The Pleasant Prairie Police Department's Honor Guard began in 2000. The Honor Guard functions as ambassadors for the Police Department and the Village of Pleasant Prairie. The Honor Guard members present the colors of our Nation, State, and Village at many events within southeast Wisconsin. Members of the Honor Guard are screened for their personal appearance, motivation, conduct, and show an aptitude for ceremonial duty. Those officers which exhibit these traits are selected.
