AGENDA VILLAGE OF PLEASANT PRAIRIE PLEASANT PRAIRIE VILLAGE BOARD PLEASANT PRAIRIE WATER UTILITY PLEASANT PRAIRIE SEWER UTILITY Village Hall Auditorium 9915 – 39th Avenue Pleasant Prairie, WI December 7, 2015 6:00 p.m.

- 1. Call to Order
- 2. Pledge of Allegiance
- 3. Roll Call
- 4. Minutes of Meeting November 2, 2015
- 5. Citizen Comments (Please be advised per State Statute Section 19.84(2), information will be received from the public and there may be limited discussion on the information received. However, no action will be taken under public comments.)
- 6. Administrator's Report
- 7. Correspondence
  - A. Consider the request for storm sewer improvements in the vicinity of 5009 83<sup>rd</sup> Street.
- 8. New Business
  - A. Consider proposed 2016 Clean Water Utility, Fleet Internal Service Fund and Solid Waste Utility budgets.
    - 1) Resolution #15-34 relating to the adoption of the 2016 Clean Water Utility Budget.
    - 2) Resolution #15-35 relating to the adoption of the 2016 Fleet Internal Service Fund Budget.
    - Resolution #15-36 relating to the adoption of the 2016 Solid Waste Utility Budget.
  - B. Consider agreements for employee health, dental and vision benefits.
  - C. Consider an award of contract for the 2016 Village newsletter printing and mailing services.

- D. Consider an Animal Control Agreement with Clawz and Pawz.
- E. Consider an appointment to the Plan Commission.
- F. Consider the Termination of Agreement and Waiver of Special Assessment Notices and Hearing between the Village of Pleasant Prairie and SB1 Pleasant Prairie, LLC related to the obligations being satisfied for the future for STH 50 road construction improvements on various parcels in Prairie Ridge Subdivision.
- G. Consider renewal of Mobile Home Park Licenses for 2016.
- H. Consider two-year appointments of Election Officials.
- I. Consider Resolution #15-37 accepting public improvements for the Village Green Heights Addition #1, Phase 4A development.
- J. Consider two Letter of Credit Reductions for the Village Green Heights Addition No. 1 Development.
- 9. Village Board Comments
- 10. Adjournment

The Village Hall is handicapped accessible. If you have other special needs, please contact the Village Clerk,  $9915 - 39^{th}$  Avenue, Pleasant Prairie, WI (262) 694-1400

#### VILLAGE OF PLEASANT PRAIRIE PLEASANT PRAIRIE VILLAGE BOARD PLEASANT PRAIRIE WATER UTILITY PLEASANT PRAIRIE SEWER UTILITY 9915 - 39th Avenue Pleasant Prairie, WI November 2, 2015 6:00 p.m.

A regular meeting of the Pleasant Prairie Village Board was held on Monday, November 2, 2015. Meeting called to order at 6:00 p.m. Present were Village Board members John Steinbrink, Kris Keckler, Steve Kumorkiewicz, Dave Klimisch and Mike Serpe. Also present were Michael Pollocoff, Village Administrator; Tom Shircel, Assistant Administrator; Jean Werbie-Harris, Community Development Director; Kathy Goessl, Finance Director; Dave Smetana, Police Chief; Doug McElmury; Fire & Rescue Chief; Rocco Vita, Village Assessor; Matt Fineour, Village Engineer; John Steinbrink Jr., Public Works Director; Carol Willke, HR and Recreation Director; Dan Honore', IT Director; Sandro Perez, Inspection Superintendent and Jane M. Romanowski, Village Clerk. Two citizens attended the meeting.

#### 1. CALL TO ORDER

John Steinbrink:

This evening we have a number of special guests with us. We have Evan Taber, 525, he's going to be an Eagle Scout here shortly. And we have Troop 583. If you gentlemen would lead us in the Pledge of Allegiance. Please rise.

#### 2. PLEDGE OF ALLEGIANCE

#### Dave Klimisch:

Evan Taber, can you come up to the microphone? Evan Taber is Pleasant Prairie's newest Eagle Scout to be. His promotion ceremony is this coming Saturday, November 7th. So if you want to describe some of your accomplishments.

#### Evan Taber:

Yeah. For my Eagle Scout project which is kind of the culminating event for your entire years of Scouting, I did my project in the City of Kenosha down by the lake for the Kenosha Sports Fishermen Association where I ran a fish rearing pond for a total of 14 consecutive days where I raised over 25,000 Coho fingerling salmon fish in tanks. And then at the end of the 14 days taking care of them in the morning and in the evening. I released them into the lake. And I only had about 12 of the fingerling fish die over the course of the few weeks which is over a 99.9 percent success rate which is the best in the State of Wisconsin the DNR told me. So, yeah, that was kind of the project I did. And I had over 100 volunteers totaling with the entire sixth grade of Harborside Academy coming down and feeding the fish and getting a presentation done by myself and the DNR.

#### Dave Klimisch:

Very nice. When I read through the list of accomplishments the part that most impressed me in addition to raising 25,000 fish and coordinating 100 different people was including the sixth

grade class from Harborside, to bring them down. It would have been much more simple to simply release the fish. But you kept extending the project so that all your work was passed onto the sixth grade class.

#### Evan Taber:

And then I actually made an educational platform basically that a teacher can take and use to teach their students about how a rearing pond works. And I tried to keep it very simple because it is for sixth graders. But with the hands on experience that they got they were so interested, it really kind of ties it altogether. Because just learning from a PowerPoint that's what kind of students do daily. But when you actually get to take them out into the environment and get experts that have been fishing in Lake Michigan for the last 50 years, and a DNR game warden who works on the lake and around the area for his entire job, they really got more interested. And being able for the kids to feed the fish really made them even more interested. Because not every day do you get to go out and actually experience and add to what you're learning about. So that was kind of the most important thing to them, and that's what I enjoyed most.

#### Dave Klimisch:

Very nice. Congratulations.

#### John Steinbrink:

Thank you. Before we officially start here with roll call, I'm going to ask the Troop 583 to come up and just introduce yourselves to us. I know you're here for a project. Tell us a little about why you're here this evening. And afterwards we'll have a show of hands how many like fish, and then we'll all thank Evan.

#### [Inaudible Speakers]

#### John Steinbrink:

Thank you. We're proud to have you gentlemen with us. And I know there's a leader in the Troop here. Is there a couple leaders for 583? Gentlemen, if you'd just waive to us.

#### Dave Klimisch:

And for the record there's several of my former students from Nash Elementary in that troop so well done.

#### John Steinbrink:

This guy is watching you everywhere.

#### Steve Kumorkiewicz:

I like the see the Scouts here. Myself I spent 20 years in Scouting at Prairie Lane School. I also was in 551 [inaudible] it was at the Methodist Church. So I've got fond memories of those times.

The kids I see today now I've got to look at them up rather than down. But it's a pleasure to me [inaudible]. I want to congratulate you and thank you for being here.

#### 3. ROLL CALL

#### 4 MINUTES OF MEETINGS -- SEPTEMBER 21, OCTOBER 5 AND OCTOBER 15, 2015

Dave Klimisch:

I move approval.

Steve Kumorkiewicz:

Second.

John Steinbrink:

Motion by Dave, second by Steve. Any additions, corrections, changes or anything you don't like?

#### KLIMISCH MOVED TO APPROVE THE MINUTES OF THE SEPTEMBER 21, OCTOBER 5 AND OCTOBER 15, 2015 VILLAGE BOARD MEETINGS AS PRESENTED IN THEIR WRITTEN FORM; SECONDED BY KUMORKIEWICZ; MOTION CARRIED 5-0.

#### 5. **PUBLIC HEARING**

#### A. Consider the request for a Class "A" Fermented Malt Beverage and "Class A" Intoxicating Liquor (Cider Only) License for the Kwik Trip #172 store under construction at 8900 76th Street.

Jane Romanowski:

Mr. President and Board members, Paul Torgerson, agent for Kwik Trip, Inc., has applied for, as you indicated, the Class "A" Fermented Malt Beverage and a "Class A" Intoxicating Liquor cider only license for that store currently under construction. The application is identical to the one submitted a few months back if you recall for the Kwik Trip store that's now open on 72nd Avenue just west of 31. And as you know Kwik Trip Corporation has over 245 facilities in the State. So they're well versed in liquor licensing laws and how they manage their operations.

So with that, the store is scheduled to be completed by November 25th is the information that was received with their application with business operations to begin on December 3rd. Mr. Torgerson has met the agent requirements including the approval of the Police Chief. And I would recommend the license fee approved but not issued until they pay their fees. But also we have to get those certificates of occupancy as we did with the other store. Everything has got to be ready go. Building, fire department, community development has to sign off on it. So you may grant the license tonight. It will not be issued until all the requirements are met. And then that license would be effective through June 30th of next year. So same type of application, just a different agent for the store.

#### John Steinbrink:

Thank you, Jane. That being said this being a public hearing I will open it up to public comment or question? Is there a signup sheet? Anybody wishing to speak on this item? Anybody wishing to speak on this item? Anybody wishing to speak on this item. Hearing none I'm going to close the public hearing and open it up to Board comment or question.

#### Michael Serpe:

Jane, the "Class A" Intoxicating Liquor does that specify cider only, or can that include any intoxicating liquor?

#### Jane Romanowski:

No, it's cider only. And as I put in the memo it's within a certain range here. So it's only cider. It does not open up -- it's a new license that the legislature just approved. And that's why Kwik Trip previously had their fermented malt, and then they approve the new law, and now they can have the cider only at no cost. It doesn't cost them anything. But they know the threshold.

#### Steve Kumorkiewicz:

A question for Jane. Jane, I see here the times are from 8 a.m. to 12 midnight. In the City don't they have the 9 p.m. closing for liquor?

#### Jane Romanowski:

For intoxicating, yeah. The State law says you can serve as early as six o'clock, but the Board adopted an ordinance or kept the ordinance in place that we left it at 8 a.m. in the morning. But there's different times. Intoxicating liquor is 9. So this is according to State law.

#### Steve Kumorkiewicz:

Thank you.

#### Jane Romanowski:

It's exactly the same.

#### Michael Serpe:

Move approval.

#### Kris Keckler:

Second.

John Steinbrink:

Motion by Mike, second by Kris. Any further discussion on this item?

#### SERPE MOVED TO APPROVE A CLASS "A" FERMENTED MALT BEVERAGE AND A "CLASS A" INTOXICATING LIQUOR - CIDER ONLY LICENSE FOR KWIK TRIP #172 LOCATED AT 8900 76<sup>TH</sup> STREET SUBJECT TO THE CONDITIONS SET FORTH BY STAFF; SECONDED BY KECKLER; MOTION CARRIED 5-0.

#### 6. CITIZEN COMMENTS

Jane Romanowski:

No signups tonight, Mr. President.

John Steinbrink:

Anybody wishing to speak under citizens' comments? Anyone wishing to speak? Hearing none I'm going to close citizens' comments.

#### 7. ADMINISTRATOR'S REPORT

Mike Pollocoff:

Mr. President, I think everybody that came here tonight realized that they could get here without detouring or going over a speed bump or any of the other things that were going on with construction. The project is virtually done as far as 39th Avenue goes. There's some landscaping that has to be done around the roundabout and some other minor landscaping. But the project is basically done. And in my discussions with public works the project is virtually on budget which for a State project is nice and surprising in two ways.

And this project, just to remind everybody, one of the reasons we were able to get this thing done is Kenosha County forwarded a grant that they had for service transportation program funds for 39th Avenue or EZ. That coupled with the modifications to Tax Increment District Number 2, that district is paying for part of it. And then the developer of the Village Green development is paying for part of it as well.

So with this project the Village was able to accomplish getting 39th Avenue done up to a modern specification, getting the sidewalks in and getting it lit. We were able to construct three retention basins -- sorry, one retention basin and two detention basins that will handle the stormwater that rushes off basically the subcontinental divide and finds its way down 100th Avenue which has been a problem for a long time.

And we've finished the preliminary grading as part of this project for the Village Green development itself which is that development a lot of people have been waiting for as far as commercial development or the future downtown of Pleasant Prairie. That will come along. And then on a later item on this agenda we'll be looking to adopt a resolution transferring the

jurisdiction control of 39th Avenue from Kenosha County to the Village of Pleasant Prairie from 89th to 165. And that will make it a Village road.

So we had some difficult times with the private utilities on getting this done. But the contractor basically got done in the amount of time he had. And although it was a State managed project, our staff, John Steinbrink and his team they really were leaning on people to make sure we could get this thing done as quickly as possible.

The second project which is the fire station and the repurposing of the auditorium downstairs and what minor work has been done up here we're looking for that to be done probably the middle of December. A lot of the outside work was completed today. The back lot was paved. They're redoing the plaza right here. We rejected work on that, and that's being redone now. So that should be done before the next couple of weeks. That's all I have.

John Steinbrink:

Thank you, Mike.

#### 8. NEW BUSINESS

# A. Consider Resolution #15-28 honoring Tammy Conforti for the Accomplishment of Building the Dream Playground.

Mike Pollocoff:

Mr. President, this is one of the more amazing projects I've seen in this community. This is Resolution 15-38 honoring Tammy Conforti for the accomplishment of building the Dream Playground. Whereas, Tammy Conforti, in 2012, witnessed a playground dedicated to providing a play environment for all children regardless of their abilities and became inspired; and Whereas, Tammy Conforti, through her inspiration, nurtured a vision and desire and then developed a plan to construct the Dream Playground; and Whereas, Tammy Conforti organized and mobilized community volunteers and resources to build the Dream Playground; and Whereas, Tammy Conforti's efforts have successfully resulted in the construction of a community built playground that has exceeded everyone's expectation; and Whereas, the Kenosha area is indeed fortunate to have a person with such a generous vision for the disabled in our community and the drive and ability to make that a vision become reality. Now, therefore be it resolved, by the Board of Trustees of the Village of Pleasant Prairie, that Tammy Conforti be recognized and honored for her vision on behalf of those who need our help and her ability to make that vision a reality for consideration tonight.

John Steinbrink:

Tammy, if you'd care to come up here. Mike, you want to present this to her? Mike, you have worked a lot with the group. It's a special thing for a lot of people here this evening.

#### Mike Pollocoff:

Here's a plaque. And what it says doesn't really address all the things that you did for this community. And to look at the hope and inspiration that one person has to be able to make a community of 150,000 people mobilize behind it and get something done like you did is inspirational for everything that we want to do in the future. So I think a lot of people in the future will be able to look back at what you did, and you left your mark on this community, and it will stay there for a long time. So here you go.

#### Tammy Conforti:

This is amazing. It was great to have a dream, but it was actually greater to be able to share that dream and to get people to dream the dream with you. [Inaudible] and all of the stress and everything that went along with it, to go out and educate and advocate and let people know the importance of having the playing field equalized and having people no longer be able to sit on the sidelines. I go to the Dream Playground every day, and I just take it in. I see the smiles on the faces of the children and I hear their laughter. And that is what the playground is all about.

It doesn't matter what walk of life you came from, for people to do the right thing and to come together was an amazing, amazing life changing experience for myself. People that participated in the build walked away with that pride knowing that they were part of a historic event. I just want to say thank you to the Village of Pleasant Prairie, to Niagara being one of our larger sponsors, and for all the volunteers who came out and made the dream become a reality. Without the donations and without the volunteers and their dedication it would not have happened. Our build captains, our coordinator, our dream playground project team leaders really got behind the project and made the project what it is. A shout out to John, Jr. over there because without him and his leadership a lot of the actual manual labor probably would not have gotten done. [Inaudible] but it was a very, very enriching experience. I humbly accept this and thank you.

#### John Steinbrink:

Thank you, Tammy. And what was nice was the entire community was part of this build as Mike said. And people from every walk of life put whatever talent they had into it. I was there a couple days, and I was amazed by what people were doing there, the artists, the construction going on, all of the trades that kicked in, all of the people that helped. It was just phenomenal. Now, I just have a tip here for the Scouts. We see this Eagle projects. Now, Tammy's project cost like a million dollars. So maybe you can put two or three of you together, raise some funds. That would only be like \$300,000 and some each and do a project like this because that would be great. Thank you, Tammy, and you're a great part of our community.

Tammy Conforti:

#### [Inaudible]

#### John Steinbrink:

I understand you have to be 21 to get in the bar to get the key, is that it?

#### Tammy Conforti:

[Inaudible]

#### John Steinbrink:

Okay, so you make the phone call so you don't have to go in. Because you're not 21 until next year, is that it?

Tammy Conforti:

[Inaudible]

Kris Keckler:

Move to approve 15-28.

Steve Kumorkiewicz:

Second.

John Steinbrink:

Motion by Kris, second by Steve for adoption. Any further discussion?

#### KECKLER MOVED TO ADOPT RESOLUTION #15-28 HONORING TAMMY CONFORTI FOR THE ACCOMPLISHMENT OF BUILDING THE DREAM PLAYGROUND; SECONDED BY KUMORKIEWICZ; MOTION CARRIED 5-0.

# **B.** Consider Resolution #15-29 honoring Christine Weyker and the Kenosha Achievement Center for their assistance to the Dream Playground project.

Mike Pollocoff:

I don't see Christine here, but we'll go ahead and get this into the record. Christine approached this project from a different angle than what Tammy did, but it was in support of her efforts. Whereas, the Kenosha Achievement Center has a long and rich history of serving individuals with special needs in the Kenosha area; and Whereas, Christine Weyker, as Chief Executive Officer, engaged the Kenosha Achievement Center in a partnership to help raise funds and gather volunteers to help complete the Dream Playground Project; and Whereas, Christine's leadership of the talent and resources of the Kenosha Achievement Center played a key role as the existing non-profit organization that assisted in the Dream Playground Project; and Whereas, Christine's leadership at the Kenosha Achievement Center enables the organization to create opportunities for the personal growth and success of persons with special needs and is a true reflection of her ability and the Kenosha Achievement Center's capacity to improve the lives of people with special needs in our community; and Whereas, Christine and the Kenosha Achievement Center have represented their mission with distinction in their partnership to build the Dream Playground Project. Now, therefore be it resolved, by the Board of Trustees of the Village of Pleasant Prairie,

that Christine Weyker, Chief Executive Officer of the Kenosha Achievement Center, be recognized and honored for her leadership and direction of the Kenosha Achievement Center and its important role in both the Dream Playground Project and the provision of invaluable services to our community on a daily basis. For your consideration tonight.

#### Michael Serpe:

I'd move approval of Resolution 15-29.

#### Dave Klimisch:

Second.

#### Michael Serpe:

Just congratulations to Chris for doing the job she's doing right now with the Achievement Center and with Tammy.

#### Mike Pollocoff:

Yeah, I think they did a really good job. I used to be on that Board, and I'm so amazed that they're doing so much better now that I'm not on it anymore. But John Steinbrink, Jr. he's on there, too, and he represents himself very well as well as the Village here in bringing his skills and talents to that board. So I'll make sure she gets the plaque.

#### John Steinbrink:

Thank you, Mike. A motion and a second and no further discussion.

#### SERPE MOVED TO ADOPT RESOLUTION #15-29 HONORING CHRISTINE WEYKER AND THE KENOSHA ACHIEVEMENT CENTER FOR THEIR ASSISTANCE TO THE DREAM PLAYGROUND PROJECT; SECONDED BY KLIMISCH; MOTION CARRIED 5-0.

# C. Resolution #15-30 in support of a jurisdictional transfer of CTH EZ (39th Avenue) from the City of Kenosha boundary south to the north right-of-way boundary of STH 165 (104th Street).

#### Mike Pollocoff:

Mr. President, this resolution completes what we anticipated when we applied for the grant for the work on 39th Avenue. And it basically now moves 39th Avenue for that section of road under Village jurisdiction. So our public works department will begin maintenance of it, taking care of it. So a good part of it's brand new. Some of it's not so brand new, but that's how the game goes right now. So we'll be notifying all the residents along that street for any future street needs or snowplowing issues or whatever that it's going to be the Village that they'll contact for that work.

One of the reasons we really needed to have this jurisdictional transfer take place, when you think about the Village Green and how it lays out the setbacks on a County highway are incredibly large compared to what you have in an urban area. So this accomplishes and helps us use our zoning ordinance and plan to get that accomplished. We had nothing but cooperation from County Exec Kreuser on this. So I'd recommend the resolution be adopted as presented.

Steve Kumorkiewicz:

So moved to adopt Resolution 15-30.

Kris Keckler:

Second.

John Steinbrink:

Motion by Steve, second by Kris. Any further discussion on this item?

#### Dave Klimisch:

The part that's not so new do we know the time line on like for any future repair? Are we able to keep it usable for years?

#### Mike Pollocoff:

Yeah, I think we have some time on it. I mean I think the largest improvement at some point will be the east side of that is going to need the urban profile. It's kind of an odd road where you have a curb on one side of the road and its rural profile on the other side. That's the cemetery, so I doubt we'll see any need for curb and gutter or use for that. But at some point from an urban standpoint it will have to go in there. But I think we probably have five or seven years before we have to put a surface treatment on that asphalt.

#### Michael Serpe:

Mike, we have a flashing stop sign for the northbound on 39th Avenue. Any chance of getting one for the southbound?

#### Mike Pollocoff:

Now that it's ours we can do whatever we want. I don't know if they'll give us one. We can see if they'll throw one more in.

#### Michael Serpe:

Tell the County Executive that we'd gladly take this with one more addition. Those are effective and I believe they're safe, and it wouldn't hurt to put one there.

#### Mike Pollocoff:

Okay, I'll contact him.

#### John Steinbrink:

Does the City the boundary there at the north end there is that even across, or does that kind of job?

#### Mike Pollocoff:

It's even across, but the boundary there is somewhat jagged. We've come across right on the north side of the City's retention basin which is on the east side -- I'm sorry on the west side, and then when it comes across there's a couple houses that go farther south that are in the Village, but those apartments are in the City. So John will meet with the City and come up with some snowplowing logic. Because we'll probably want to go all the way down to 89th and then turn around and come back rather than trying to find a way mid block. And I think that's what the County and the City were doing already.

#### John Steinbrink:

Motion and a second. No further discussion?

#### KUMORKIEWICZ MOVED TO ADOPT RESOLUTION #15-30 IN SUPPORT OF A JURISDICTIONAL TRANSFER OF CTH EZ (39TH AVENUE) FROM THE CITY OF KENOSHA BOUNDARY SOUTH TO THE NORTH RIGHT-OF-WAY BOUNDARY OF STH 165 (104TH STREET); SECONDED BY KECKLER; MOTION CARRIED 5-0.

## **D.** Resolution #15-31 in support for the Transportation Investment Coalition to develop a sustainable funding mechanism for transportation system maintenance.

Mike Pollocoff:

Mr. President, anybody that's been reading the papers is aware of the problem with funding of State highways. Not only State highways but how the State collects money for transportation aids that it uses for its own projects as well as that that gets transferred to the local governments. We ourselves we were at \$900,000 a couple years ago, now we're down to \$720,000 I think. And anybody that's building roads none of their costs are decreasing. But the amount of money that's being sent back is declining. People in Pleasant Prairie, the same as every other community in the State, their gas tax goes to the State, and that was supposed to be allocated out so some of that money comes back to where it came from. Same with vehicle registration. And that has been going down and down. Right now 47 states since 2000 have increased their local transportation aids because of the volume of roads. And Wisconsin is -- only three states contribute less than what Wisconsin does to local governments. So they're 47th.

We're under levy limits. It's harder for us to raise taxes to do that. And right now there's an over reliance on bonding which is just eating up our ability to do something. So there's a group of interests, the League of Municipalities, the counties association, the towns association, road

builders. What this resolution does is it says it's time to stop not doing anything. We've got to come up with a sustainable way to fund transportation improvements that can carry its own weight over time rather than let the transportation budget start eating away into the general fund for debt service. I mean that would be the worse possible thing.

So this resolution is being adopted by a good number of municipalities in the League. And I'm recommending we pass this. We're not saying what needs to be done, but we're saying we have to do something. We can't just sit there and punt the ball for another election. The State needs to come up with a plan. Maybe it's a little bit of everything, but it's got to be something that's workable and can stand up to the things that fluctuate in the market like cars not using much gas, or the price of gasoline going up or the price of asphalt going up. There's got to be a way for this thing to queue and be realistic in its costs. So with that this is a resolution for your consideration tonight.

#### Michael Serpe:

I'd move approval of Resolution 15-31 and hope that our State leaders will at least pay attention to what the municipalities are asking for. Lately now if you're paying attention if you want to exceed your levy limits you have to go to referendum. Now the schools in the State have been doing that quite often and with some success. Now their answer is they're going to restrict that to two elections a year, April and November. So they're constantly doing things to hamstring the municipalities and the school districts, and it makes no sense to me whatsoever. But let's hope this works.

#### Steve Kumorkiewicz:

I second the motion.

#### John Steinbrink:

Motion by Mike, second by Steve. Any further discussion on this item?

#### Steve Kumorkiewicz:

[Inaudible] need the recommendations from the road builders, why they keep putting money there, not for us. They don't think of residents. They think by themselves for themselves.

#### John Steinbrink:

I think Mike said it all when he explained it to us, and Madison's inability to govern other than things for themselves. We're seeing things to election laws, donation limits, everything else but anything else for the good of the common government and people. And that's very unfortunate because, as Mike said, we can't keep this up very long. If this continues on the disrepair and the increased cost is going to be unbearable for local communities. And the State has no mechanism in place in order to fund these things because people are afraid to take a vote to do the right thing. Or they've taken a pledge to say they're going to do nothing. And that's what they're doing, nothing.

So it's a shame. And fortunately there is local government out there that is doing the job and doing what's needed to make sure that our communities have the infrastructure needed. And, like I said, it's a shame. This is going to have to stop sooner or later. And sooner or later somebody is going to have to start doing their job. So with that we had a motion and a second. Any further discussion?

#### SERPE MOVED TO ADOPT RESOLUTION #15-31 IN SUPPORT FOR THE TRANSPORTATION INVESTMENT COALITION TO DEVELOP A SUSTAINABLE FUNDING MECHANISM FOR TRANSPORTATION SYSTEM MAINTENANCE; SECONDED BY KUMORKIEWICZ; MOTION CARRIED 5-0.

#### E. Consider an Agreement for the May 7, 2016 Wisconsin Marathon.

Mike Pollocoff:

Mr. President, this is an agreement with the Wisconsin Marathon. They operate the Wisconsin Cheese something while you're running. Pleasant Prairie is the long end of the marathon. So for those that aren't cheesed out by the time they get past the 5K then they come to Pleasant Prairie. And they run basically down Lakeshore Drive to the State Line and run back. By that time it's not a large group. They run down Lakeshore Drive. And this is our agreement with them to take care of cleaning up the course and making sure that the detours are set up, everybody is notified as to what's going to happen, and that the Village will be compensated for their activities. There's like 3,000 runners in this event. It's pretty big. And we'd be in partnership with the City to do this. I'd recommend -- we've had this agreement I think about four years with them. We really haven't had -- we had a problem the first year and they cleaned it up. So I'd recommend we do it again.

Steve Kumorkiewicz:

So moved.

Dave Klimisch:

Second.

#### John Steinbrink:

Motion by Steve, second by Dave. Any further discussion on this item?

#### Michael Serpe:

The residents are they good with this? Are they complaining a lot?

#### Mike Pollocoff:

There are some that aren't happy with it. We did change the route so they're not on Lakeshore Drive the whole way. They kind of go in and out on some of the side roads and come back out to Lakeshore. So it's not coming or going. But it's not so steady that they can't get out of their

driveways. Like I said it's not the large number. It's the long part of the race that goes in Pleasant Prairie.

#### Dave Klimisch:

And is Lakeshore being closed or half of it?

#### Mike Pollocoff:

No. We still keep it open; we just have police department and squads down there to manage it and monitor to make sure that they aren't setting out like a water table at someplace that's going to be a problem. There's no way we could close that road.

#### Steve Kumorkiewicz:

So it's going to be one way down, for example, then take 4th Avenue or 5th Avenue or whatever to go up.

#### Mike Pollocoff:

If you look at that map it shows the course in red. Going south is all the way down Lakeshore Drive, then coming back they take the side roads. It keeps them off the road, plus it also makes their mileage number work.

#### Kris Keckler:

Is there any work for the side roads that needs to be done or addressed or just addressing holes or anything or some of the gravel displacement? Nothing along the roads [inaudible].

#### Mike Pollocoff:

Not like we would for a bike race.

#### Dave Klimisch:

Do we send our street sweeper in there, or do they do that?

#### Mike Pollocoff:

Yeah, we sweep Lakeshore Drive and some of the side roads. Some of the roads are gravel. And as we told them in the beginning it is what it is.

#### Michael Serpe:

And the State's going to make sure they stay gravel.

John Steinbrink:

Okay, we have a motion and a second. No further discussion?

#### KUMORKIEWICZ MOVED TO APPROVE AN AGREEMENT FOR THE MAY 7, 2016 WISCONSIN MARATHON; SECONDED BY KLIMISCH; MOTION CARRIED 5-0.

# F. Consider Ordinance #15-39 to Amend Chapter 98 of the Municipal Code relating to Polling Places.

Jane Romanowski:

As has been mentioned as part of the Village Hall repurposing project we have decided that we'd like to move the polling place from Good Shepherd to the courtroom here. Currently wards 1 through 3 vote here in this room. They have for many years. And wards 4 and 5 are at Good Shepherd. Good Shepherd has been a great partner for 13 years, but we do get moved around. And actually we're in their lunch room right now so we feel like we impose a little bit. But having two polling places here with all the parking and everything will be good. It will be great for administration to have two places here.

So I am recommending that the Village Hall wards 1 through 3 will be in the new auditorium. Wards 4 through 5 will be in the courtroom. Notices will be mailed out in January well in advance of the February primary. And the other change on the ordinance is just relabeling wards 6 and 7, Lamb of God Lutheran Church was sold to a college about a year and a half ago. So that's just some updating. So I would recommend this Ordinance 15-39 be adopted.

#### Dave Klimisch:

Is there a cost savings with this or do they donate their space?

#### Jane Romanowski:

They donated their space. They've been wonderful. It's just it will be nicer to be here especially for like snow removal because we always had to do that in February elections. And just altogether having it here will be wonderful.

#### Steve Kumorkiewicz:

[Inaudible] accumulated mileage from the father distance from the voting poll myself. Still 39th to the RecPlex.

#### Mike Pollocoff:

That's by design.

#### Steve Kumorkiewicz:

I know, on purpose.

#### John Steinbrink:

Did we have a motion and a second on this?

Jane Romanowski:

Yes, we did.

#### KECKLER MOVED TO ADOPT ORDINANCE #15-39 TO AMEND CHAPTER 98 OF THE MUNICIPAL CODE RELATING TO POLLING PLACES; SECONDED BY KUMORKIEWICZ; MOTION CARRIED 5-0.

# G. Consider Ordinance #15-40 to Amend Chapter 285 of the Municipal Code relating to Sewer Service Charges.

Mike Pollocoff:

Mr. President, staff is recommending that we redo how we're handling the basis for sewer charge and that we extend the winter base rate period for the volume of water. And we're changing that to the water that's verified through the use of the municipal water meter readings for a four month period rather than two. So the period would be from December 1st to March 31st. Then we'd use this volume to serve as the basis for determining the sewer volume charge for residential customers for five billing periods from May 1st to September 30th.

Any customers whose water meters indicate non-consumption in their base rate shall be billed based on the average of the non-metered customers or their actual meter readings if it's less. So if somebody is gone and they don't use any water then that's their basis. We have a large number of residents who are in the Village's water service area but are not connected to municipal water. They're on private wells. And their charge would be based on, since they don't have a water mater, to use for their basis of charges it would be based on what the average use is for all Pleasant Prairie residential customers. And this last year I believe was 6,000 gallons per month.

For those customers that are Pleasant Prairie water customers -- I'm sorry, Kenosha Water Utility customers north of 85th Street they actually get their retail water service from the City of Kenosha. So it's always been a little difficult to be able to come to a winter base rate because we don't get their readings. So in the past, and we're still recommending that this could happen, those customers could bring in their water bills for that same billing period, and we use that to establish their rate.

We've asked the Kenosha Water Utility to provide us with a list from their meter readings indicating that here's the parcel number, the address, and here's how much water they use in that area. And I don't want to say we're having a difficult time to get that but we don't have it yet. So if, in fact, we're able to get that and get it in the future we'll just use that basis. If not we'll notify the customers that they'll need to bring their water bill in in lieu of having Kenosha tell us what their four month consumption was. And then we'll adjust their winter base rate accordingly. If we don't hear from them then they'll get the average rate just like everybody else does because we don't know what their meter reading is.

#### John Steinbrink:

Mike, maybe you can explain why we use the winter base rate versus the summer rate.

#### Mike Pollocoff:

Well, we use the winter base rate for the simple reason when people who are connected to public water it's pretty rare that anybody is watering their lawn or using water from December 1st to March 31st. So it's iced up, it's freezing. Generally any water you're using is not surplus water going someplace else. It's going down the drain. So that's winter. And then we want to apply it May through September because that's when people are watering their lawns, washing their cars, having water fights, whatever they're doing. So that water is not going down the sanitary sewer either. So we can use that base rate then to credit that for sewer charges, they would just pay the total water charge.

#### Michael Serpe:

If a resident has a well and has municipal sewer they can at their expense pay for a meter, and they can then have a more accurate account of what they're going to pay monthly?

#### Mike Pollocoff:

You can meter your well system. And they would need to get a permit from the building inspection department so we could verify it and then provide them with a meter that would be read. But they would have to pay the cost of the meter, meter reading and any maintenance on it. I recommend Ordinance 15-40.

#### John Steinbrink:

Motion by Mike, second by Kris. Any further discussion on this item?

#### SERPE MOVED TO ADOPT ORDINANCE #15-40 TO AMEND CHAPTER 285 OF THE MUNICIPAL CODE RELATING TO SEWER SERVICE CHARGES; SECONDED BY KECKLER; MOTION CARRIED 5-0.

# H. Consider Ordinance #15-41 to Amend Chapter 250 of the Municipal Code relating to Firearm and Weapon regulations.

#### Mike Pollocoff:

Mr. President, we have at the desk tonight, we've been going through this project with the DNR as it relates to their lands that are permitted for hunting. And we've had concerns. We thought that this was an issue that needed to be resolved. Because when you look at the map it's a hodgepodge of DNR ownership, private ownership, Conservancy ownership. And we just wanted to make sure that the hunting areas made sense and it was safe for everybody, and DNR agreed with us.

So we came up with a map that regulates hunting or tells where they can go. Because it's really the DNR's call. We can regulate what hunting is on their property. And as such we can also not regulate hunting so most of that is set up by the State statutes. So in that map there's close proximity to houses, to the Metra, to all sorts of things. So the Chief came up with a good idea, and I think it's a prudent idea. We can't get involved in hunting, and we really haven't had a problem with hunting in some areas. People hunt on their own property, or they go to hunt place where they can hunt. But in this area we think given the nature of it it's prudent to regulate discharge of firearms and some regulations for that. So, Chief, why don't you describe what you're recommending.

#### Chief Smetana:

What we tried to do was some sort of a compromise, as the Village Administrator mentioned, to satisfy both ends, to satisfy the hunters and the people that utilize that land down there in Chiwaukee Prairie for recreational purposes and the homeowners down in the area. So the amendment, the change to the discharge of the firearm ordinance that we already have would prohibit the use of single projectile firearms from east of Sheridan Road, north of the State Line and then south of the Village property, Village line on the north end.

So when I talk about compromise it would still open up that land for archery, still open up that land for some bird hunting which doesn't use single projectile, and we feel that that is the adequate compromise to make sure that people that are using the recreational trails which there are several down in that area, four I believe to be exact, and with concern for the residents. We've taken some of their concerns into account. And to be honest with you I've spoken with sportsmen and hunters who are also involve din this compromise as well. So while leaving some of that weapons discharge that would allow for some game hunting, we would prohibit the single projectile. Still allowing archery hunting for the harvesting of deer. So I think that was an adequate compromise that we came to.

#### Michael Serpe:

Prior to this it was legal for a slug to be used in a shotgun, is that right?

#### Chief Smetana:

Correct. There was a change in the State law that opened that up to the rifle as well. Now, we could limit that to slug hunting down there also. Some of the State's own paperwork can't support the thought of the fact that slugs were safer than rifle rounds. They came out with that when they changed the law in 2013. So we took that into consideration as well.

#### Dave Klimisch:

When you talked with the sportsmen what concerns did they have?

#### Chief Smetana:

The limiting of where they could hunt. Even though the ordinance is not in place to limit hunting, it would limit the fact that they wouldn't be able to harvest deer down there with a firearm. That

was one concern. Some of the other concerns were that if they're archery hunting and it's still open for bird there are some overlapping seasons. You've got archery season for deer which overlaps with some of the Canadian goose hunting, that there would still be projectiles flying through the air, being smaller and travel less than a distance than a one ounce slug would from a shotgun.

#### Dave Klimisch:

So that's still a concern then?

#### Chief Smetana:

With the shot for the bird hunting?

#### Dave Klimisch:

There would still be archery or bow hunting and bird hunting in an overlapping season.

#### Chief Smetana:

That's correct, but there is everywhere. It's not just in Chiwaukee Prairie. That's Statewide.

#### Mike Pollocoff:

The Village can't regulate hunting. So really what we're saying here is that's fine. The State law is the State law. We used to have an ordinance that said you could use a slug, and that's been superseded by State statute about two years ago.

#### Chief Smetana:

Correct, 2013.

#### Mike Pollocoff:

So that's been changed. So really what we're saying is we're just regulating the discharge of a firearm, not hunting just for that one item in that one area of the Village.

#### Dave Klimisch:

Are there other areas in the Village that the DNR manages where there's hunting?

#### Chief Smetana:

Not to this extent. I don't believe there is. I think it was only in this Chiwaukee Prairie area.

#### Michael Serpe:

Aren't there lots that are private owned in the Carol Beach area -- how are you going to control where a hunter is going to cross the property line?

#### Mike Pollocoff:

You can't.

#### Michael Serpe:

You can't.

#### Mike Pollocoff:

If you look at your maps there's private lots, a lot of them that are interspersed among the DNR lots. And so I think the people who have private lots they really in some respects lost their rights to their lots because DNR is opening this up to hunting. And the hunter and his prey is not going to know -- the rabbit is not going to know to stop at that lot line and go around and neither will the hunter. So it doesn't make any sense, but Madison thinks it's a good map so we're going to run with it. That's the difficult thing about trying to come up with a hunting plan into a platted subdivision because that's what it is down there. And so somebody who hasn't sold out to the DNR, hasn't sold the land to Conservancy, their land in essence gets used regardless because you can't control where these guys are going.

#### Kris Keckler:

Going off that line of thought that if somebody does inadvertently cross over out of an allowable area to another what type of penalties are we looking at or prosecution?

#### Chief Smetana:

It would be a municipal citation for trespass. The hunters are really going to have to use -- the sportsmen who have contacted me have suggested using technology that many hunters use which is GPS. So you locate an area on a map, pinpoint a GPS, and use a handheld GPS to locate that area. So there's a great deal of responsibility on the sportsmen who would be hunting this area to make sure that they're in a huntable area and not on private property.

#### Michael Serpe:

Chief, isn't it a requirement during the daylight hours that the property be posted no trespassing if it's private?

#### Chief Smetana:

I don't know if that's a DNR --

#### Michael Serpe:

I know at night you don't need the no trespassing for obvious reasons. But during the day I'm just wondering if that's --

#### Chief Smetana:

Most of the property owners who I've spoken with down there, the larger tracts of land, they do have them posted. But it's not every foot. It's separated, and they're worried about somebody coming in or trying to access some of the huntable area maybe from the west as opposed to the east.

#### Michael Serpe:

So far Wisconsin is batting a thousand at least with this Board. I move approval of Ordinance 15-41.

#### Dave Klimisch:

Second.

#### John Steinbrink:

Motion by Mike, second by Dave. Further questions? Chief, does any season overlap May 7th where the cheese head runners would be in jeopardy down there and we need to dress them in blaze orange or something?

#### Chief Smetana:

I'm not an avid bird hunter, so I don't know if the duck season would --

#### John Steinbrink:

I wasn't sure if there was a May one in there.

#### Kris Keckler:

This does create an environment for potential conflicts between homeowners and some of the hunters. And hopefully they could resolve that based on identification either through technology or where there's some marked area on the property lines. But in the off chance it does escalate you certainly don't want it to get to a point of where there's weapons involved. Are you suggesting that if any property owner has a dispute they contact the non-emergency police number as far as addressing and needing support?

#### Chief Smetana:

Correct. And as a responsible hunter myself I can speak for many of them. They don't want any conflict any more than anybody else. They want to make sure that they're on the right property to hunt and they're going to have a safe, enjoyable hunt.

#### Kris Keckler:

And I would agree with that. The way this is set up is --

#### Steve Kumorkiewicz:

I've got a question for the chief. Chief, is there any time limits when it can be done for [inaudible] or whatever?

#### Chief Smetana:

Yeah, there are time limits. There's a certain -- it generally goes from I believe there's maybe 20 minutes before sunrise to a certain time limit after sunset. So it's quite a chunk of the day.

#### Steve Kumorkiewicz:

I wonder if this should be included in the resolution, Mike.

#### Chief Smetana:

That's part of State law.

#### Steve Kumorkiewicz:

Okay, thank you.

#### Dave Klimisch:

And in past hunting seasons how busy has the police department been with confrontations or conflicts in that area?

#### Chief Smetana:

From my experience I don't believe we've had any conflicts. I think we get calls for shots fired which if people are down in the area whether they're using the area for recreation or have been away from their home for a while and they come back and now they start hearing shots being fired they'll call that to the police department, and we'll go down and check that out. But generally we can kind of tell generally those are early morning for the goose hunters. I don't think we've had any conflicts down there.

#### Mike Pollocoff:

This is the first year DNR has opened it up.

John Steinbrink:

We have a motion, we have a second. Any further discussion?

# SERPE MOVED TO ADOPT ORDINANCE #15-41 TO AMEND CHAPTER 250 OF THE MUNICIPAL CODE RELATING TO FIREARM AND WEAPON REGULATIONS; SECONDED BY KLIMISCH; MOTION CARRIED 5-0.

John Steinbrink:

Thank you, Chief.

#### I. Consider vacating an existing Storm Water, Drainage, Access and Maintenance Easement and dedicating a new Storm Water, Drainage, Access and Maintenance Easement as a result of expanding the parking lot and relocating the storm water facilities on the property located at 8989 74th Street.

Jean Werbie-Harris:

Mr. President and members of the Board, back in 1999 David Aul constructed the Care Animal Hospital just south of 74th Street at 8989. And at that time the existing facility seemed to be somewhat adequate for the clients and their doctors with respect to operating a business at that location. In the last four to five years their practice continued to expand, and they grew with the number of clients as well as veterinarians on the site. And as a result they started to run into a little bit of a parking problem.

So as a result they have been leasing space off site for their employees to come to the facility so that they could have enough space onsite for the clients and their pets. So as a result, Dr. Aul who owns this property, is looking to modify the parking lot in order to adjust it to create some additional parking on the site, and then to relocate their stormwater basin or their stormwater improvements. So they're looking to create about 12 or 13 additional parking spaces on the south side of their parking lot as shown on the slide. And then shift, again, that stormwater basin from the east to the west in order to gain some additional parking on the particular property.

So they had granted an initial stormwater easement through the Village of Pleasant Prairie. And what they're requesting to do is vacate that easement and then actually give a new easement in the new location to the Village of Pleasant Prairie. The staff recommends approval of the basin and easement vacation insofar as they grant and we record a new easement in its place for these stormwater improvements. Again, this was a private basin and will continue to be a private basin that the property owner will be responsible for maintaining. The Village has an easement. In the event that the property owner does not maintain the basin or an issue develops then we would have the right to go in and make the improvements or to do any checks on the basin at the

owner's cost. Staff recommends approval of the vacation of the stormwater drainage and access easement and to accept the dedication of the new easement on the property for David Aul. Steve Kumorkiewicz:

Move to approve as recommended.

Kris Keckler:

Second.

John Steinbrink:

Motion by Steve, second by Kris. Any further discussion?

KUMORKIEWICZ MOVED TO APPROVE VACATING AN EXISTING STORM WATER, DRAINAGE, ACCESS AND MAINTENANCE EASEMENT AND DEDICATING A NEW STORM WATER, DRAINAGE, ACCESS AND MAINTENANCE EASEMENT AS A RESULT OF EXPANDING THE PARKING LOT AND RELOCATING THE STORM WATER FACILITIES ON THE PROPERTY LOCATED AT 8989 74TH STREET; KECKLER SECONDED BY; MOTION CARRIED 5-0.

#### 9. VILLAGE BOARD COMMENTS

Michael Serpe:

The Village lost a very involved person with the Planning Commission and the Board of Review. John Braig passed away. A dedicated individual to the Village. He was at every event. He did what he had to do to make it successful and donate his time. And he's going to be severely missed. He had a bout with pancreatic cancer, and that's just not a good thing. So we're going to miss John, and we wish his family well and the very best. And I have one other comment. To the Boy Scouts, was this about the most interesting meeting you've ever attended?

John Steinbrink:

I'd like to add to the Boy Scouts it's great to have you here. It's great to see you taking a part of listening to what government does. And I encourage you to pay attention to what local government does, state government, national government, and never be afraid to ask why. Stay informed. John Braig was one of those citizens that was always informed about things, and he was active in the community. He was part of our commissions here and different things. And I encourage you to be informed. And as soon as you're able to vote, vote. Because too many people out there take this for granted, and that's why we have a big mess we have in this country and around the area. So you're the people that can change this and bring back what needs to be done in our communities and our state and our national government. So being here is a good start. Stay involved, listen. And like I said, always ask why. Other comments or questions? Kris?

#### Kris Keckler:

In addition to the Dream Playground, all the recognition for that and the charitable contributions, I wanted to thank everybody that volunteered for the Whittier 3K Read and Run. I don't have the opportunity for competitive sports, but when the opportunity arose to race a bunch of elementary kids in a 3K run running back to Ingram Park and the wonderful police department that contributed their time and safety concerns for the children. And Chief Smetana who only laughed at me mildly at the half way point and offered to hold back some kids to make me feel better. But we made it okay, and it was a nice, safe, enjoyable time for all the kids.

John Steinbrink:

Other Board comments?

10. CONSIDER ENTERING INTO EXECUTIVE SESSION PURSUANT TO SECTION 19.85(1)(G) WIS. STATS. TO CONFER WITH LEGAL COUNSEL FOR THE GOVERNMENTAL BODY WHO IS RENDERING ORAL OR WRITTEN ADVICE CONCERNING STRATEGY TO BE ADOPTED BY THE BODY WITH RESPECT TO LITIGATION IN WHICH IT IS OR IS LIKELY TO BECOME INVOLVED.

#### KLIMISCH MOVED TO ENTER INTO EXECUTIVE SESSION; SECONDED BY SERPE; ROLL CALL VOTE – STEINBRINK – AYE; KECKLER – AYE; KUMORKIEWICZ – AYE; KLIMISCH – AYE; SERPE – AYE; MOTION CARRIED 5-0.

John Steinbrink:

The Board will return to open session for the purpose of adjournment only. And for the Scouts this means we're going into a closed session that's not going to be open to the public or the press to discuss matters which probably shouldn't be discussed in the open to protect people and to do the peoples' business there. And we'll discuss nothing else but what's on that topic and return only for the purpose of adjournment.

#### 11. RETURN TO OPEN SESSION AND ADJOURNMENT

KLIMISCH MOVED TO RETURN TO OPEN SESSION AND ADJOURN THE MEETING; SECONDED BY SERPE; ROLL CALL VOTE – STEINBRINK – AYE; KECKLER – AYE; KUMORKIEWICZ – AYE; KLIMISCH – AYE; SERPE – AYE; MOTION CARRIED 5-0 AND MEETING ADJOURNED AT 8:00 P.M. From: Sandy Bucko [mailto:buckofamof4@aol.com]
Sent: Tuesday, December 01, 2015 5:58 AM
To: John Steinbrink Jr.
Cc: 'Dan Bucko'
Subject: PETITION to The Village of Pleasant Prarie

To: John Steinbrink, Director of Public Works

**PETITION:** 

We would like to petition to the Village of Pleasant Prairie to extend the storm sewer west on 83rd Street to the end of the "T" turn around at 5009 83rd Street. The storm sewer is needed in the back yard at this residence to stop flooding. If we receive more that 1 1/2 inches of rain at one given time, water will enter the basement through the basement windows. We can try to stop the water from entering the basement by dropping a 2" electric pump in the back and run it out to the culvert in the front of the property to the road. This happens at least 2 to 3 times a year since we built the house in 2007. The process takes at least six hours to remove the water and there have been times when a higher output 2" gas pump has been rented to keep up with all of the water flowing into that area from the surrounding neighborhood.

We appreciate your consideration of this matter.

Dan and Sandy Bucko 5009 83rd Street (262) 620-4335 the.dan.bucko@gmail.com

# VILLAGE OF PLEASANT PRAIRIE

# BUDGET COVER PAGE

# BUDGET YEAR: 2016

### DEPARTMENT: Clean Water Utility

SUBMITTED BY: John Steinbrink, Jr., Public Works Director

# VILLAGE OF PLEASANT PRAIRIE

# Overview

BUDGET YEAR: 2016

de.

#### DEPARTMENT: Clean Water

The Clean Water Utility has been selected as the primary resource to address storm water issues in the Village. The Clean Water Utility is designed to fund operations, depreciation of aging infrastructure, and capital. The Clean Water Utility Operational Budget is funded solely by a user fees of \$4.00 per ERU. The enterprise pays for daily operations, fund future capital and account for an aging infrastructure. Capital projects that benefit the Village of Pleasant Prairie as a whole will be funded by the Clean Water Utility. Capital projects specific to a specific drainage area are subject to a special assessment to the affected property owners. The property owners pay half of the construction cost and the Clean Water Utility pays the other half.

A second and more principal issue is the continued maintenance and eventual replacement of storm water infrastructure. As the Village continues to grow, an added responsibility is assumed. Growth creates additional infrastructure that represents an asset that the Village of Pleasant Prairie must maintain in good working order to provide adequate storm water management for residents and clean storm water for everyone in the Village. As with all infrastructure, there must be proper care and maintenance to extend the life of the system. In essence protecting and extending the life of those assets will likewise protect the Village's investments for their residents and businesses.

Federal mandates require communities with storm sewer systems to obtain state permits to discharge storm water to streams and lakes. These permits are administered by the Wisconsin Dept. of Natural Resources. Phase II rules affect the Village requiring that our community meet the following six minimum control measures:

- 1. Public Education and Outreach
- 2. Public participation and involvement
- 3. Illicit Discharge Detection and Elimination
- 4. Construction site pollution control
- 5. Post-construction storm water management
- 6. Pollution prevention (municipal good housekeeping)

Public education, outreach, participation and involvement are accomplished through the Village website and in partnership with the SE WI Clean Water Network. The remainder control measures are handled through periodic inspection and cleaning of each component of the system; including storm sewers, manholes, catch basins, other storm water structures such as retention and detention ponds that are the responsibility of the Village.

Projects complete in 2015:

111

4

Village staff completed the street sweeping, outfall inspections, behind the curb sump drain inspections, and catch basin cleaning.

There are 41 wet ponds that provide clean water treatment in residential and multifamily developments. The home owners associations (HOA) are responsible for the cost to dredge these ponds when required. This task is more than many of the HOA can take care of managing. Staff is proposing to continue to inspect the depth of sediment in the wet ponds every five years. Over time a trend can be developed estimating the timeframe the wet pond will have to be dredged. The HOA will have to contract to have this work complete. If they do not complete the work the DPW staff will complete and assess the HOA.

As the storm water management system(s) become older, maintenance and repairs increase. To prevent premature failures and the added liability, proper maintenance schedules must be maintained. The absence of a good preventative maintenance program will normally lead to portions of the system being prematurely repaired or replaced.

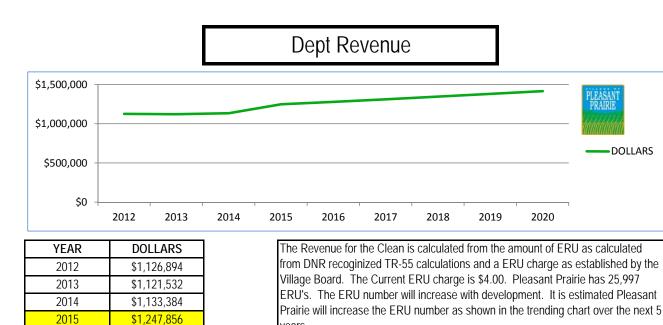

Typically, when the repairs or replacement gets to this magnitude, bonds are sold to address the deficiencies. Timely maintenance will not only extend the life of the infrastructure, but will also limit untimely repairs and costly bond issues.

The Clean Water Utility assists in maintaining the system in a timely fashion. As a separate utility, revenues are generated through user charges. This allows for a more sensible approach for the maintenance and capital improvements and does not compete for property tax dollars from the general fund. Rates are established to provide an equitable balance for customers who would otherwise be exempt from a property tax charge by the general fund.

In summary, the Clean Water Utility establishes and promotes a systematic approach to dealing with past, present and future storm water needs while addressing state and federal mandates in an equitable manner. To have future funds for Clean Water Asset replacement The Clean Water Utility is proposing a \$0.33 ERU rate increase of for 2016. An Increase of \$0.25 per ERU and proposed conversion of the base rate parcel charge of \$0.25 per parcel to \$0.08 per ERU.

YEAR	DOLLARS
2012	\$1,318,436
2013	\$1,261,065
2014	\$1,227,422
2015	\$1,284,064
2016	\$1,309,064
2017	\$1,334,064
2018	\$1,359,064
2019	\$1,384,064
2020	\$1,409,064

\$1,279,801

\$1,312,564

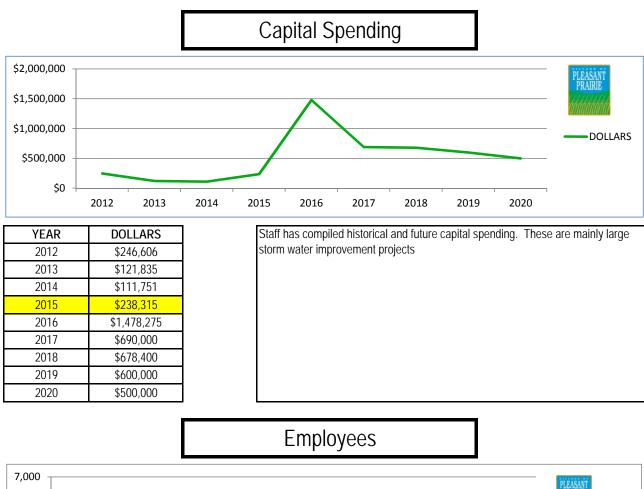

2016 2017

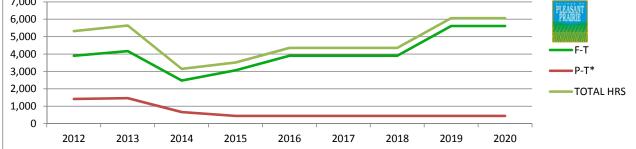

The expenses for the Clean Water Utility increase with number of projects funded through the Utility and volume of resident service requests for Clean Water problems. These historically increase in wet years and decrease in drier years. The most recent request from many home owner associations is costs and frequency of dredging wet ponds. Staff will be recommending a program to work with home owner associations to keep them informed of cost and time frame for dredging maintenance.

# BUDGET COVER PAGE

## BUDGET YEAR: 2016

### DEPARTMENT: Fleet Internal Service

SUBMITTED BY: John Steinbrink, Jr., Public Works Director

# Overview

#### BUDGET YEAR: 2016

#### DEPARTMENT: Fleet Internal Services

The Department of Public Works Fleet Internal Services (ISF) Division manages, maintains, and repairs all the vehicles, equipment, attachments, and tools for the Public Works Department. The department consists of two full time mechanics working 2,080 hours and one part time mechanics working 1,664 hours per year each. Public works maintenance personnel staff assist the mechanics when required. It is estimated in 2015 over 7,100 hours will be spent maintaining the Fleet. With only two full time mechanics of 4,160 hours and a part time mechanic for 1,664 hours allocated for this budget, DPW maintenance staff must spend 1,276 hours assisting the mechanics.

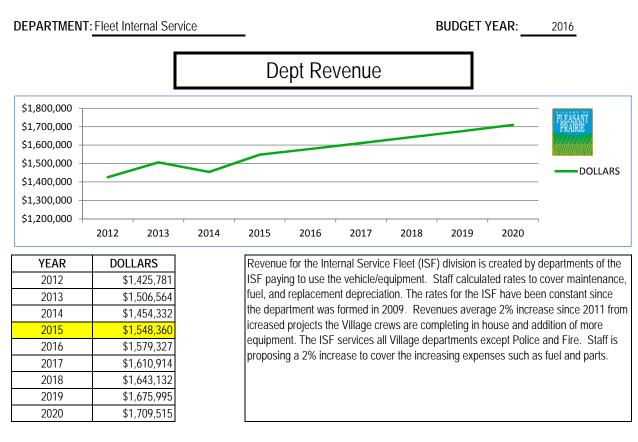

The ISF collects revenue by charging each department a rate for using a vehicle or piece of equipment. The rate includes the cost to operate and replace each item in the fleet. This gives the ISF a fair and accurate means to charge the departments using the fleet. The ISF expends funds by purchasing repair parts, fuel, and the labor to complete repairs. The fund also purchases new and used vehicles and equipment for Public Works.

A proposed 2% ISF rate increase for 2016 is needed to cover the increasing costs of fuel and parts.

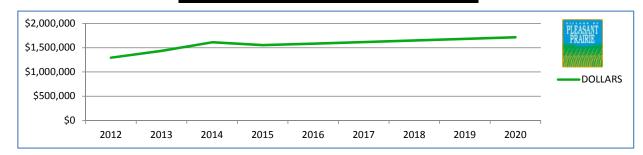

Staff is proposing charging a fee to cover the cost of large tool and attachment use. This fee will cover the purchase, maintenance and replacement of these items.

The ISF has been a successful tool to create a mechanism of maintaining, repairing, and, replacing, the vehicles and equipment in the Public Works Fleet.

### VILLAGE OF PLEASANT PRAIRIE TRENDING REPORT

### Dept Expenses

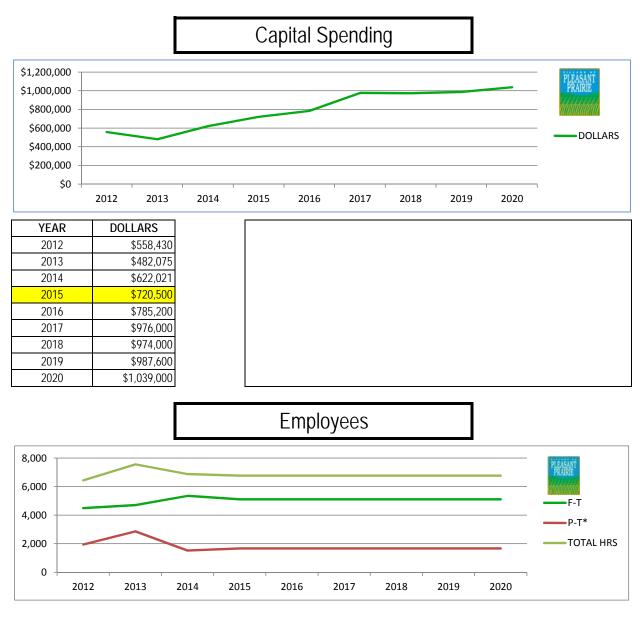

YEAR	DOLLARS
2012	\$1,292,182
2013	\$1,433,466
2014	\$1,611,859
2015	<b>\$1,551,569</b>
2016	\$1,582,600
2017	\$1,614,252
2018	\$1,646,537
2019	\$1,679,468
2020	\$1,713,058

The ISF collects revenues from the fund users and uses those revenues to purchase fuel, parts, replace vehicles/equipment, and pay two full time and one part time mechanic. The ISF has 131 vehicles/equipment, 66 attachments to the equipment and 252 tools such as chain saws, pumps, and items valued over \$250. Expenses have increased 12% over the last 4 years. Staff predict the same increases in parts and equipment costs in the future and will budget a 2% increase.

Repairs and upgrades for the Village refueling system			

#### Justification

The current refueling system is 20 years old. During a recent inspection was found many of the underground componants of the fueling system need repair and replacement. It is important to maintain this system to ensure fuel availability for all Village vehicles including Police and Fire.

General government capital fund 410 will pick up 27% for the fuel used by police and fire.

## BUDGET COVER PAGE

## BUDGET YEAR: 2016

### DEPARTMENT: Solid Waste

SUBMITTED BY: John Steinbrink, Jr., Public Works Director

## Overview

#### BUDGET YEAR: 2016

ж.

#### DEPARTMENT: Solid Waste

Pleasant Prairie began sanitation services on January 1, 2005. The department operates with three garbage routes that include large container collection and bulk item pick-ups, and one recycling route daily.

The sanitation work schedule is based on a five week rotation. This allows an employee to rotate weekly from collecting garbage and recycling to working in the Street Department. The goal of this rotation is to reduce worker's comps claims, cross train with the Street Department, and have backup operators while sanitation employees are off on vacations. A DPW Streets employee is rotated with the four sanitation crew.

#### AUTOMATED SOLID WASTE COLLECTION

The Sanitation Department began automated collection of solid waste at the curbside in wheeled carts in 2008 and continues to be well received by residents. Residents have either 95 or 65 gallon garbage and recycling carts. Residents can request a different size cart or change their garbage option once a year in September.

There were two advantages to automating collection: Efficiency of the existing workforce and reduced workers compensation claims.

Once the Village began automated collection, the production of a collection vehicle increased from 564 stops per day to an average of 675 stops per day. This increase in production resulted in a reduction 11.5 hours of collection time per week.

The automated garbage collection has the distinct advantage of using fewer workers with the ability to work inside the vehicle itself during collection. This saves personnel costs initially and in the future. This lowers workman compensation claims potential since this method results in fewer workers along with very limited handling of the refuse.

#### The current collection options are:

111

Option 1 Unlimited Collection

₹ [

Currently \$16.50/month

This option reflects the highest level of service for residents. A 95 gallon collection cart is collected weekly. The resident has the option to place an unlimited volume of solid waste in addition to the 95 gallon garbage collection cart. Any additional bulk pickup collections (items larger than 3 feet in length and 18 inches wide and/or more than 50 pounds) are charged a \$25 fee. Residents can purchase another 95 gallon garbage collection cart for \$55.00 or a 65 gallon cart for \$50.00. Residents can upsize from a 65 gallon garbage or recycling cart for \$10, delivered. In an effort to promote recycling, there is a no charge to receive a second recycling cart.

Option 2 Automated Collection Plus

Currently \$16.00/month

A 95 gallon collection cart is collected weekly with additional unlimited collection from December 15th to January 15th each year and two free unlimited collection days per year. Any additional bulk pickup collections (items larger than 3 feet in length and 18 inches wide and/or more than 50 pounds) are charged a \$25 fee. Residents must schedule the two unlimited collection days by calling the Sanitation department 48 hours in advance of their regular scheduled collection day. It is recommended that the resident have a 95 gallon recycling cart. Residents can purchase another 95 gallon garbage collection cart for \$55.00 or a 65 gallon cart for \$50.00. Residents can upsize from a 65 gallon garbage or recycling cart for \$10, delivered. In an effort to promote recycling, there is a no charge to receive a second recycling cart.

#### Option 3 Automated collection Currently \$15.50/month

A 95 gallon collection cart is collected weekly. It is recommended that the resident have a 95 gallon recycling cart. Any additional bulk pickup collections (items larger than 3 feet in length and 18 inches wide and/or more than 50 pounds) are charged a \$25 fee. Residents can purchase another 95 gallon garbage collection cart for \$55.00 or a 65 gallon cart for \$50.00. Residents can upsize from a 65 gallon garbage or recycling cart for \$10, delivered. In an effort to promote recycling, there is a no charge to receive a second recycling cart.

Village staff uses the Village GIS software in the collection vehicles to track the different collection options.

#### SOLID WASTE AND RECYCLING CONTRACTS

The Village extended contracts with Advanced Disposal Services Zion Landfill for solid waste landfilling and with Advanced Disposal Solid Waste Midwest for single-stream recycling services. The tipping fees for solid waste landfilling increased by 2% in 2014.

	2010 (July 21)	2011 (July 21)	2012 (Aug 1)	2013 (Aug 1)	2014 (Aug 1)	2015 (Aug 1)
Tipping Fees (per ton)	\$41.00	\$42.50	\$42.50	\$43.35	\$44.22	\$43.50
Increase	6.5%	3.7%	0%	2%	2%	-2%

#### LANDFILL COSTS (Tipping fees)

#### WASTE GENERATION and RECYCLING TRENDS

The following table represents the quantities in tons of garbage and recyclables collected over a period of the last 5 years.

	2010	2011	2012	2013	2014
Recycling	2145	2144	2122	2111	1991
Solid Waste	6491	5951	6009	6213	6445
Recycling %	24.8%	26.5%	26.1%	25.4%	23.6%
Solid Waste %	75.2%	73.5%	73.9%	74.6%	76.4%

#### ADDITIONAL SERVICES

The Sanitation Department collects bulk items for a \$25 fee on Wednesdays. Bulk items are any items which are items larger than 3 feet in length and 18 inches wide and/or which weigh more than 50 pounds.

Another sanitation service currently provided is the disposal of white goods such as refrigerators, stoves, dishwashers, etc. Staff separates white goods and sends all non-Freon containing appliances to a scrap metal recycler for which we receive a rebate. Freon containing white goods are recycled through a contract with Refrigerant Depot.

Due to the State mandated ban of electronic items from landfills, the Village registered with the DNR to be a collector of electronics. In 2015, a contract was entered into with Universal Recycling, a registered electronics recycler, to process these items in an environmentally sound manner. The Village recycled 11,184 lbs. of electronics in the 2014/2015 DNR reporting year.

Village staff collects leaves at the curbside in the spring and fall each year. Residents pile leaves loose at the curb line. Crews collect the loose leaves for two weeks in the spring and eight weeks in the fall. It is estimated that 6000 cubic yards of leaves will be collected and processed at the Village compost site. In 2015 staff added an additional leaf collector and increased the fall collection from three to four times over an eight week collection period.

The Village Compost Site is staffed and open Monday through Friday 9am-7pm (with the exception of the first Wednesday of every month when the site is closed for grinding) and Saturday 7am-4pm from the end of March to early December. In addition to brush, leaves, grass, drain oil, antifreeze and automotive batteries, residents can now drop off concrete, gravel, asphalt, metal and garbage/recycling. Other items normally handled by sanitation pickup can be dropped for a reduced fee. These items are White goods (\$20), Computers (\$10), tires (\$5) and bulk items (\$10). Televisions can be dropped off for a fee based on size/weight. Household Hazardous waste is collected on the first Saturday of the month from April to December.

#### SANITATION VEHICLES AND EQUIPMENT

The department replaced two side loading garbage trucks in 2015. Further replacement of the three garbage vehicles is not anticipated until 2017.

The route trucks have the automated arm for automated collection, however the design of the new trucks prevent the operators from the ability to throw solid waste into the trucks manually. For this reason, the size guidelines for unlimited solid waste collection have changed to items under 3 feet in length and under 18 inches wide (or item size smaller than the collection cart). For residents with Option 1 (unlimited collection) or Option 2 (within prescribed time periods), after the initial pickup the operators will leave the truck, refill the collection cart with the excess solid waste and perform the automated tipping of the cart. GIS software is used in the collection vehicles to track the different collection options.

#### **COMPLETED PROJECTS FOR 2015**

Restricted burning areas in the Village was passed by ordinance in July 20, 2015. Staff has increased the hours of compost drop off and added an additional leaf collection unit for fall collection.

The program to Install RFID readers on the three sanitation collection vehicles was researched and started in 2015. It should be complete in 2016.

#### PROJECTS FOR 2016

The Compost Drop off site is proposing to relocate to the 73-1 processing facility. This move will save the

Utility costs of transporting material to and from the processing site. The existing drop off site at the Prange DPW yard will have to relocate to make room for the Public Works storage building scheduled for construction in 2016. The Prange site has environmental limits on three sides and STH 31 to the other side. This move is necessary to host a location for residents who drop off grass, leaves, branches, electronics, hazardous waste, garbage, recycling, tires, concrete or other items accepted at the site.

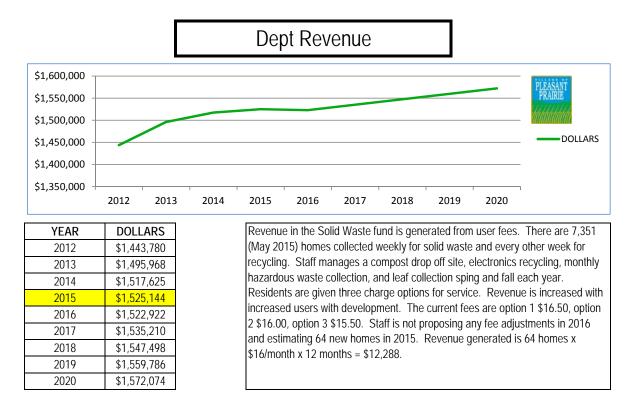

Solid waste collection vehicles will be outfitted with automated vehicle locating (AVL). This will allow managers to improve routing efficiency and improve customer service

#### SUMMARY & CONCLUSION

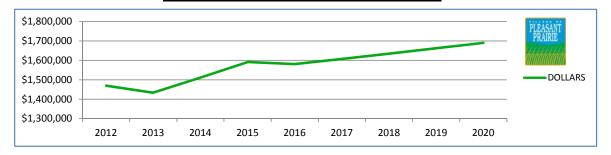

The Sanitation Department is operating well. Changes in the recycling industry and tipping fees will be the largest challenges for the future. The Department will focus on encouraging and educating our residents regarding the importance and benefits of recycling. Staff is recommending an increase of \$1.00 per month to cover the costs of the Solid Waste utility.

#### VILLAGE OF PLEASANT PRAIRIE TRENDING REPORT DEPARTMENT: Solid Waste

BUDGET YEAR: 2016

Dept Expenses

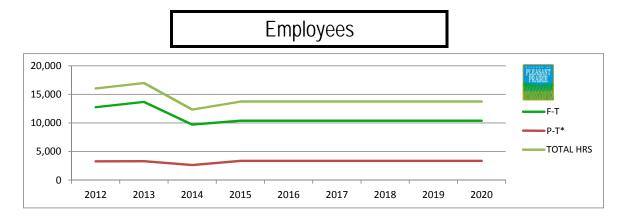

YEAR	DOLLARS
2012	\$1,468,984
2013	\$1,433,153
2014	\$1,510,832
2015	\$1,591,570
2016	\$1,580,587
2017	\$1,607,303
2018	\$1,634,456
2019	\$1,662,053
2020	\$1,690,099

Solid waste expenses increase at the landfill tipping fee increases and fleet expenses increase. The annual tipping fee is trended below and we estimate a 2% increase in fleet and other expenses but savings of 107 tons of solid waste per year with the addition of the RFID readers.

#### VILLAGE OF PLEASANT PRAIRIE TRENDING REPORT DEPARTMENT: Solid Waste

6,441
6,350
6,259
6,168

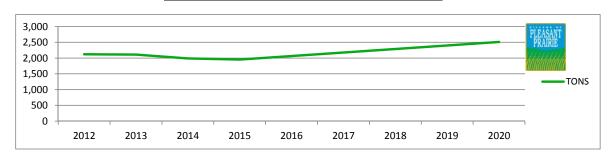

Village residents from 2011 through 2014 are recycling less and disposing more recycling in the garbage. This makes the garbage tonnage higher, recycling lower and the diversion rate decrease. Staff will better educate residents on the importance of recycling and how it will keeps solid waste rates low in the future. New RFID readers in the solid waste trucks hope to convert 107 tons of recycling out of the solid waste each year. As more households are added to the Village, there is an increase of 40 pounds /HH/month garbage collected. 64 new homes per year generated approximately 16 additional tons per year.

## VILLAGE OF PLEASANT PRAIRIE TRENDING REPORT DEPARTMENT: Solid Waste

BUDGET YEAR:	2016
--------------	------

Trend #3

### Tons Collected Recycling

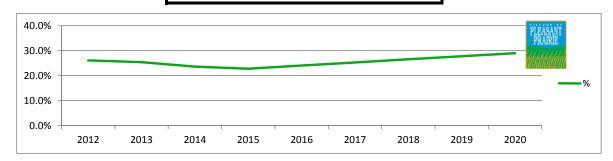

YEAR	TONS
2012	2,122
2013	2,111
2014	1,991
2015	1,953
2016	2,065
2017	2,177
2018	2,289
2019	2,401
2020	2,513

Village residents from 2011 through 2014 are recycling less and disposing more recycling in the garbage. This makes the garbage tonnage higher, recycling lower and the diversion rate decrease. Staff will better educate residents on the importance of recycling and how it will keeps solid waste rates low in the future. New RFID readers in the solid waste trucks hope to convert 107 tons of recycling out of the solid waste each year. As more households are added to the Village, there is an increase of 12 pounds /HH/month garbage collected.64 new homes per year generated approximately 5 additional tons per year.

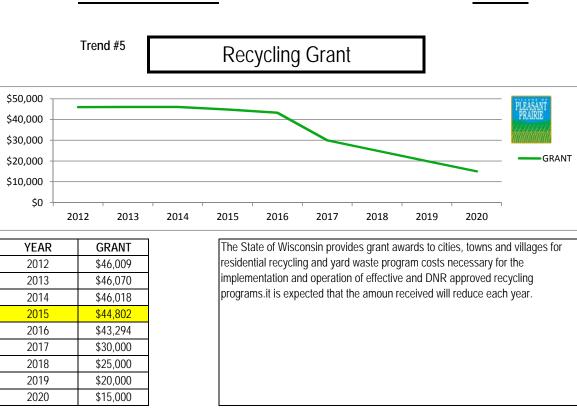

#### **Diversion Rate**

YEAR	%
2012	26.1%
2013	25.4%
2014	23.6%
2015	22.8%
2016	24.0%
2017	25.3%
2018	26.5%
2019	27.7%
2020	28.9%

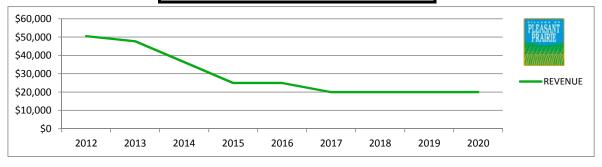

Increased recycling by Village residents increases the tonnage diverted from landfills which reduces the cost to the Village and is better for the environment. Staff is proposing installation of RFID readers on the two garbage trucks and one recycling truck. This will allow management to track violations and recycling compliance. The data will be used to trigger homes in need of informational literature on recycling and potential penalties for non-compliance.

TRENDING REPORT DEPARTMENT: Solid Waste

Trend #6

### Residential Recycling Revenue

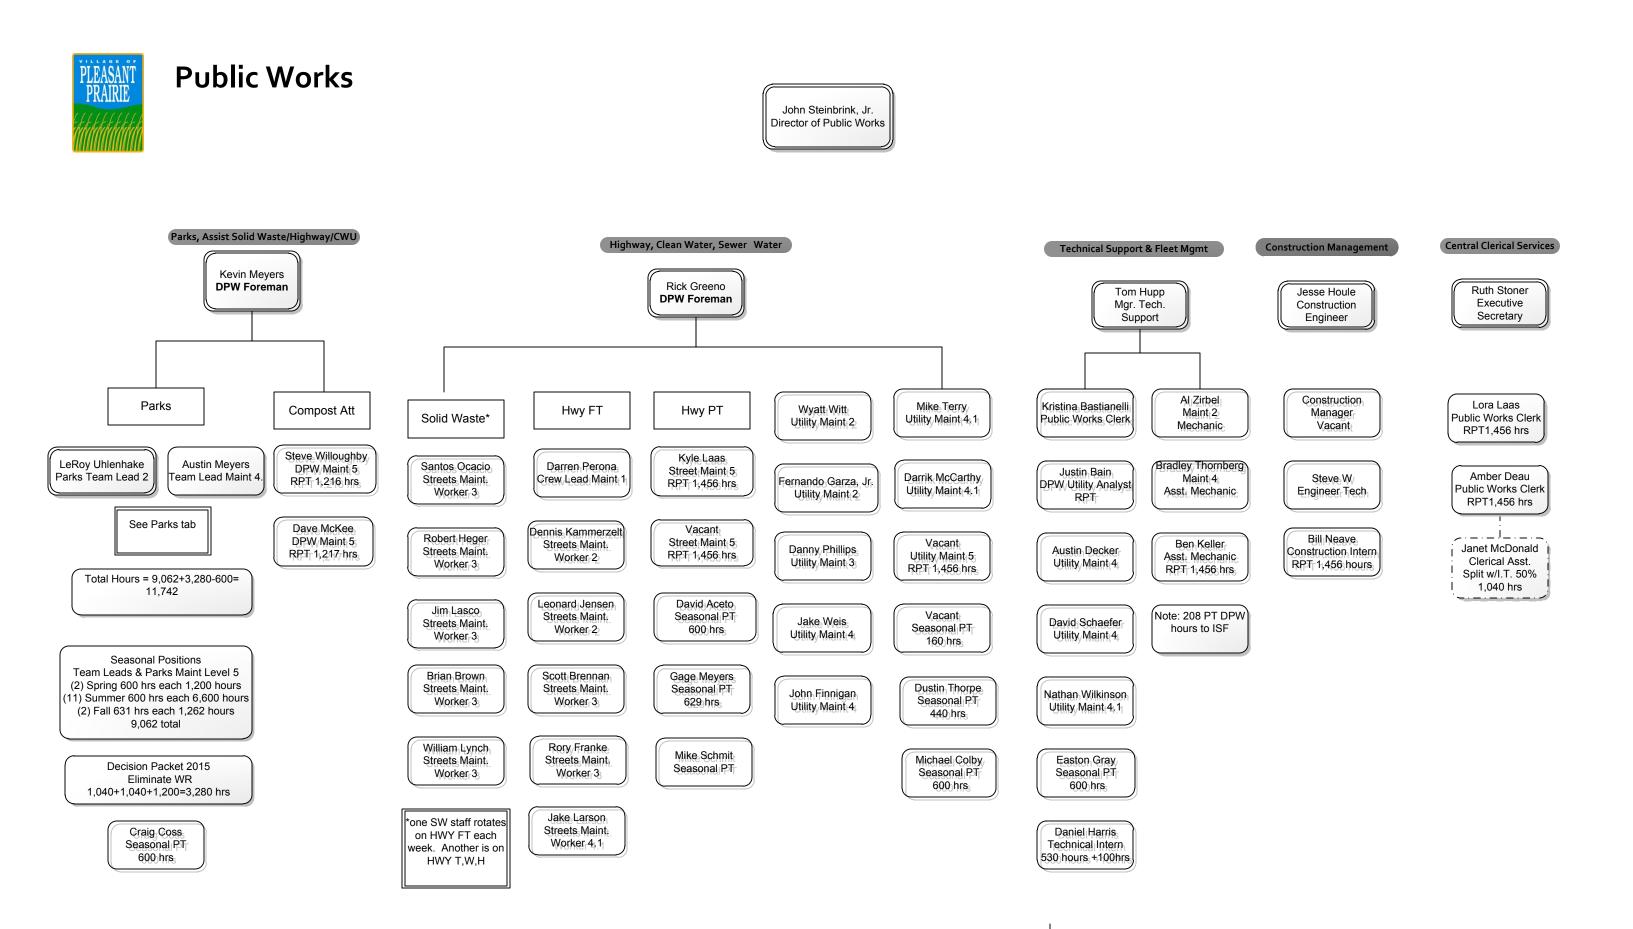

YEAR	REVENUE
2012	\$50,563
2013	\$47,718
2014	\$36,368
2015	\$25,000
2016	\$25,000
2017	\$20,000
2018	\$20,000
2019	\$20,000
2020	\$20,000

The Village receives rebates based on weight for commodities processed by the
recycler contracted to dispose of Village residential recycling.

Village of Pleasant Prairie, WI	•	ct John Steinbrink, Jr.
Project # SW-14-01	Тур	e Equipment
	Useful Lif	e 5 years
Project Name RFID Readers In Trucks	Categor	y Equipment - New
pecial Assessable	Priorit	y 1 Urgent
Fund Number	Stati	s Active
Description	Total Project Cost	: \$22,625
Install RFID readers in sanitation trucks 5 RFID readers / 4,000 tags		

#### Justification

These readers will let DPW managers track recycling compliance. The information will be used to determinine locations recycling education needs to be distributed. The ultimate goal is to increase recycling and decrease garbage collected.

### **RESOLUTION #15-34**

### **RESOLUTION RELATING TO ADOPTION OF 2016 CLEAN WATER UTILITY BUDGET AND APPROVING CLEAN WATER UTILITY FEES**

WHEREAS, the Village Board of the Village of Pleasant Prairie, in order to manage storm water, improve collections of, meet Federal mandates, and maintain our current storm water infrastructure; and,

WHEREAS, the proposed 2016 Budget includes operating and capital plans; and,

WHEREAS, the adoption of the Clean Water Utility Budget would require a .33 cent increase in ERU fees and elimination of the base charge; and,

WHEREAS, Pleasant Prairie Municipal Code Chapter 148 requires that fees shall be set by resolution; and,

WHEREAS, the proposed fees would be set as described below:

1. Lake Michigan

a. Base Charge (BC) is \$0.25/Month

b. Equivalent Runoff Unit (ERU) Charge is \$4.00 \$4.33/Month per unit

2. <u>Des Plaines</u>

a. Base Charge (BC) is \$0.25/Month

b. Equivalent Runoff Unit (ERU) Charge is \$4.00 \$4.33/Month per unit

- 3. Project Evaluation Fee.
  - a. Residential Properties \$50.00
  - b. Commercial/Industrial Properties \$100.00
- 4. <u>Appeal Charge</u> is \$150.00

NOW, THEREFORE, BE IT RESOLVED that the Village Board of the Village of Pleasant Prairie hereby adopts the 2016 Clean Water Utility Budget and approve the fees outlined above.

Passed and adopted this 7<sup>th</sup> day of December 2015.

John P. Steinbrink, President Village of Pleasant Prairie

Attest:

Jane M. Romanowski, Village Clerk

#### **RESOLUTION #15-35**

#### **RESOLUTION RELATING TO ADOPTION OF** 2016 FLEET INTERNAL SERVICE FUND BUDGET

WHEREAS, the Village Board of the Village of Pleasant Prairie, in order to provide fleet services to all Village enterprise funds and all general government departments except police, fire and rescue; and,

WHEREAS, the proposed 2016 budget includes operating and capital plans; and,

WHEREAS, the adoption of the Fleet Internal Service Fund budget better manages the Village's fleet of vehicles and equipment; and,

WHEREAS, the 2016 budget includes a 2% increase in the charge out rates to general government departments and Village enterprise funds; and,

NOW, THEREFORE, BE IT RESOLVED that the Village Board of the Village of Pleasant Prairie hereby adopts the 2016 Fleet Internal Service Fund budget,.

Passed and adopted this 7<sup>th</sup> day of December 2015.

John P. Steinbrink, President Village of Pleasant Prairie

Attest:

Jane M. Romanowski, Village Clerk

#### **RESOLUTION #15-36**

# RESOLUTION RELATING TO ADOPTION OF 2016 SOLID WASTE UTILITY BUDGET

WHEREAS, the Village Board of the Village of Pleasant Prairie, in order to provide garbage, recycling, leaf collection, compost site, and hazardous waste collection services to the residents of the Village of Pleasant Prairie; and,

WHEREAS, the proposed 2016 Budget includes operating and capital plans; and,

WHEREAS, the adoption of the Solid Waste Utility Budget would require a \$1 per month fee increase to off-set the decrease in other revenues including the recycling grant received from the State of Wisconsin, fund required capital expenditures, and to build cash reserves; and,

NOW, THEREFORE, BE IT RESOLVED that the Village Board of the Village of Pleasant Prairie hereby adopt the 2016 Solid Waste Utility Budget.

Passed and adopted this 7<sup>th</sup> day of December, 2015

John P. Steinbrink, President Village of Pleasant Prairie

Attest:

Jane M. Romanowski, Village Clerk

Office of the Village Director of Human Resources **Carol Willke** 

TO: Village Board Michael Pollocoff, Village Administrator

# Consider authorizing the Village Administrator to enter into contract agreements with United Healthcare, Delta Dental, and VSP Vision insurance.

The Village was in a very good position this year to go out to bid on our health, dental and vision insurance. The favorable results can be attributed to the Village employees' acceptance and embracing of the wellness program "Vitality". In direct correlation to this participation, our claims/loss ratio decreased by 2.7% and resulted in a lower health insurance renewal (-6.02%) thereby reducing the cost of health insurance to both the Village and the employees.

Employees will continue to contribute 20% of the monthly health insurance premium. If they participate in the wellness program and achieve a level set by the Village, their contribution will be 3%.

The Village is self-funded for dental insurance and contracts with a TPA (third party administrator) to process the dental claims. By changing from our current vendor, Humana, to Delta Dental, we will enjoy reduced administration rates as well as deeper discounts with providers. The dental insurance premium contribution for employees will remain at 10%.

VSP Vision Insurance is a national company that provides excellent vision coverage and customer service. The vision coverage option is 100% employee funded and we were able to negotiate lower rates for our employees who choose this coverage.

In addition, the Village will offer a second medical plan through United Health Care for employees working between 30-39 hours per week. This new "class" of employees will allow the Village to offer a richer benefit package to our part-time staff which will assist in hiring highly qualified candidates to fill critical part-time positions.

Recommendation: Authorize the Village Administrator to enter into contract agreements with benefit vendors that will provide the full time and part time Village employees with benefits that allow them to adequately care for themselves and their dependents.

Date:	December 7, 2015
То:	Michael Pollocoff, Village Administrator Members of the Pleasant Prairie Village Board of Trustees
From:	Chris Christenson Communications Director
RE:	Printing and mailing services for the 2016 Village Newsletter (January to December)

In the interest of securing the most competitive responsible bid for printing and mailing services (not including postage) for the Village Newsletter, we have requested proposals for annual printing of the newsletter for the months of January through December. On November 2, 2015, a request for proposal was sent to a pool of area printers that have the equipment to perform this type of project in a cost effective manner. The request was also posted to Vendornet, which distributed the request to a long list of vendors throughout the State.

By the deadline, Wednesday, November 25 at noon, fourteen (14) sealed bids had been received. Vesna Savic and I opened sealed bids on the afternoon of Wednesday, November 25. Information from the 14 bids received by the deadline appears on the attached spreadsheet.

#### **Recommendation:**

Considering that the majority of issues during 2016 are expected to be 8-page, 2-color issues, the lowest bidder was Vanstone Inc. of Racine, WI. The Vanstone bid returned for a 2/2, 8-page issue is \$1,282. Vanstone agreed to honor their bid throughout the period of the contract and will meet the other stated selection criteria.

While I have no previous experience with Vanstone Inc., Vanstone provided acceptable printing samples. One of the two references I spoke with, a contact from the WEDC, would recommend them as a printer, while the second, a contact from the Milwaukee Housing Authority, had yet to receive the printed material that they had contracted for and could not yet speak to the quality of their work.

I spoke with the contact from Vanstone who explained that their company has recently split from another that had provided customer service. He explained that due to the company splitting into two, he could not use previous clients as a reference. The contact confirmed over the telephone that Vanstone maintained all of the production equipment necessary to complete the newsletter.

It is my recommendation that the contract for printing and mailing services for the 2016 Village Newsletter be awarded to Vanstone Inc. per their submitted response.

Bids Received for 2016 Village Newsletter Printing/Mailing Services

\*To be included in cost: prepress, printing, folding, tabbing, mailing preparation, and delivery to the Pleasant Prairie Post office.

### ANIMAL CONTROL AGREEMENT

THIS AGREEMENT made and entered into by and between the Village of Pleasant Prairie (hereinafter referred to as "the Village", and ROBERT W. MELBY, JR., D/B/A Clawz and Pawz, (hereinafter referred to as "Contractor").

1. <u>Terms.</u> This Agreement shall commence on <u>January 1, 2016</u> and shall terminate on <u>December 31, 2016</u>.

2. <u>Contractors Obligations.</u> The Contractor shall be obligated during the term of this agreement to provide the basic services, as hereinafter defined as well as the following additional services to the Village:

A. <u>Domestic Canine Control.</u> Contractor shall provide domestic animal control services within the Village, consisting of the capture and disposal of detained canines. Any and all captured domestic canines shall be transported by Contractor to the Safe Harbor (hereinafter "Humane Society"). The Village shall bear all costs and fees issued by the Humane Society. Contractor shall also report domestic animal abuse to the Pleasant Prairie Police Department.

B. <u>Cooperation</u>. Contractor shall cooperate with the Village and its duly authorized representatives specified by the Pleasant Prairie Police Chief. Contractor's work and Contractor and his employees shall testify in any hearing, trials or legal proceedings, upon the request of the Village.

C. <u>Availability.</u> Contractor shall be available by telephone during Contractor's Work Schedule, as hereinafter defined.

3. <u>Work Schedule.</u> Contractor shall perform work in accordance with the following schedule:

A. Respond to emergency calls from the Village, as determined in the sole discretion of the Village, 24 hours a day, 7 days per week. An emergency shall be defined as a situation involving an animal that is or may be injured, sick, disabled or an immediate threat to the public health, safety and welfare.

B. Respond to non-emergency animal control call Monday through Friday, excluding holidays recognized by the Village, between the hours of 9:00 a.m. and 5:00 p.m., (hereinafter "Normal Work Schedule"). Contractor may operate live wild animal traps, as deemed professionally necessary, during such other times as Contractor deems appropriate.

4. <u>Contractor's Compensation.</u> In exchange for the performance and completion of the Contractor's obligations as set forth herein, Contractor shall be entitled to the following compensation:

A. <u>Basic Services.</u> Contractor shall be entitled to a monthly service fee in the amount of \$275.00 per month, for Contractor's basic services which shall include:

- i. Maintain and staff office, and be responsible for all costs and expenses of business operation.
- ii. Office is to have dedicated business phone line, computer with internet and email access.
- iii. Attend meetings requested by Village officers.
- iv. Appear in Court for administrative hearings upon request of Village Officers.
- v. Perform all other work not itemized below involving Animal Control Services.

B. <u>Itemized Services.</u> Contractor shall be paid in addition to the monthly service fee, the cost set forth hereafter for each animal as specified below:

i.	Capture and dispose of a detained stray domestic canine during normal work schedule.	\$50.00
ii.	Capture and dispose of a detained stray domestic canine any time outside of Contractor's Normal Work Schedule.	\$60.00
iii.	Attend to an injured or dangerous animal and/or capture or take custody of any domestic canine due to injury or neglect at the request of the Village during Contractor's Normal Work Schedule.	\$50.00
iv.	Attend to an injured or dangerous animal and/or capture or take custody of any domestic canine due to injury or neglect at the request of the Village outside of Contractor's Normal Work Schedule.	\$60.00

Payment shall be made by Village on a monthly basis upon submission of an invoice and any required report documentation for completed work to the Village Clerk within fifteen (15) days after receipt of invoice and said documentation. The form of invoices and reports shall be determined by the Village from time to time.

5. <u>Termination for Cause.</u> In the event either party should fail to fulfill in a timely manner its obligations under this contract, the nonbreaching party shall have the right to terminate this contract provided that written notice of said breach is given to the breaching party, thereby specifying that

2

this Agreement will be terminated within 10 days of the date of said notice in the event that the breaching party has not cured the purported breach to the satisfaction of the noticing party.

6. <u>Methods and Manner of Performance.</u> Contractor shall have discretion to select such methods, manner, labor, equipment, materials and supplies for the performance of Contractor's operations as will assure professional quality of work and a rate of progress which will assure the timely completion of work. Contractor is responsible for furnishing all labor, equipment, material and supplies required to perform work.

7. <u>Contractor's Employees.</u> Although Contractor performs work as an independent Contractor, the Village Board shall have the right to request Contractor to remove or discipline any Contractor's employees performing work when said employee does not furnish quality workmanship or is uncooperative with, or in performance of work is disrespectful to Village personnel or any Village citizen.

8. <u>No Assignment.</u> Contractor may not assign this Contract, enter into a joint enterprise or sublet any work without the express written approval of the Village Board. The Village shall not be liable for any costs and expenses arising from any such assignment. An unlawful assignment, joint enterprise or subletting shall render this Contract voidable by the Village Board as of the date thereof, and the Village will not be obligated to pay to Contractor any money for any work performed by an unauthorized party. The Contractor will be responsible for any cost, loss, expense or damages the Village may incur in enforcing this provision. However, nothing contained herein shall prevent Contractor from assigning this Agreement to a Wisconsin business corporation which Contractor may form during the term of this Agreement, so long as Contractor possesses a majority shareholder interest in said corporation, and immediately notifies the Village of any such assignment.

9. <u>Indemnification.</u> Contractor agrees that it will, at all times relevant to this Agreement, defend, indemnify and hold harmless Village and Village's officers, agents, employees and representatives, from and against any and all liability, loss, charges, damages, claims, judgments, costs, expenses or attorney's fees, which they may hereafter sustain, incur or be required to pay as a result of any action or inaction by Contractor or its officers, agents, employees or representatives or as a result of the willful or negligent act or omission of Contractor and its suppliers, assigns, employees, officers, agents or representatives, or resulting from Contractor's failure to perform or observe any of the terms, covenants and conditions of this Agreement, should any person or party, as a result thereof, suffer or sustain personal injury, death or property loss or damage, or a violation of any other right protected by law.

10. <u>Insurance.</u> Contractor shall, prior to performing work and at all times during the term of this agreement, carry insurance policies, with limitations of coverage reasonably acceptable to the Village, providing coverage for commercial general liability, automobile liability and worker's compensation. Contractor shall, upon seven (7) days prior written notice from the Village, verify said insurance coverage by a certificate of insurance issued by the Village Clerk, which shall provide that none of any of the above-described policies will be cancelled, terminated or lapse before the expiration of this term, without the issuing company submitting thirty (30) days prior written notice to the Village.

11. Licensure. Contractor hereby agrees to maintain, throughout the term of this Agreements, as amended from time to time, any and all licenses and permits are required by federal, state and local laws.

12. Confidentiality. Contractor will keep all business and calls for service related matters between the Village and the contractor confidential unless otherwise approved by the Village.

IN WITNESS WHEREOF, the Village and contractor each certify that they have authority under their respective organizational structure and governing laws to execute this Agreement, and that the parties hereto have hereunto executed this Agreement on the date last signed by a party thereto.

# MEMORANDUM

To: Village Board of Trustees

- From: John P. Steinbrink Sr. Village President
- Date: December 1, 2015
- **Re:** Commission Appointments

I recommend the following appointments to the committees for the terms listed below:

## **Plan Commission**

Bill Stoebig\*\* Debra Skarda (Alternate #1)

Term – May 1, 2017 Term – May 1, 2016

\*\*fulfilling John Braig's term

#### VILLAGE STAFF REPORT OF DECEMBER 7, 2015

Consider the **Termination of Agreement and Waiver of Special Assessment Notices and Hearing between the Village of Pleasant Prairie and SB1 Pleasant Prairie , LLC** related to the obligations being satisfied for the future for STH 50 road construction improvements on various parcels in Prairie Ridge Subdivision.

**Recommendation:** The Village finance department (pursuant to the **attached** email has verified that all of the required financial obligations have been satisfied as required in the **attached** Agreement and Waiver of Special Assessment Notices and Hearing between the Village and SB1 Pleasant Prairie dated on February 4, 2014 and recorded at the Kenosha County Register of Deeds Office on February 10, 2014 at Document #1720813. Therefore the Village staff recommends that the Termination Agreement be approved, executed and recorded at the Kenosha County Register of Deeds County Register of Deeds Office.

#### TERMINATION OF AGREEMENT

#### DOCUMENT NO.

THIS TERMINATION OF AGREEMENT is made as of the \_\_\_\_\_ day of \_\_\_\_\_, 2015, by the Village of Pleasant Prairie, a Wisconsin municipal corporation, ("Village").

A. On February 4, 2014, the Village and SB1 Pleasant Prairie, L.L.C., a Delaware limited liability company ("SB1"), entered into an Agreement and Waiver of Special Assessment Notices and Hearing affecting certain real property located in Kenosha County, Wisconsin, and recorded on February 10, 2014, with the Kenosha County Register of Deeds as Document No. 1720813 (the "Agreement").

THIS SPACE RESERVED FOR RECORDING DATA

NAME AND RETURN ADDRESS David M. Sanders Reinhart Boerner Van Deuren 1000 N. Water Street, Suite 1700 Milwaukee, WI 53202

<u>See Exhibit A</u> Parcel Identification Number

B. All of SB1's required obligations under the Agreement with respect to the property described on <u>Exhibit A</u>, attached hereto (the "Property"), have been fulfilled and all amounts due thereunder have been paid or discharged.

C. The Village desires by this instrument to cause a notice of the termination of the Agreement with respect to the Property to be set forth in the public record.

D. Notwithstanding any previous partial releases that may have been recorded against any of the Property, this Termination is being recorded against all the Property to confirm the Agreement has been fully released.

NOW, THEREFORE, for good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the Village declares, covenants and agrees that all obligations of SB1 under the Agreement with respect to the Property have been satisfied in their entirety and all amounts due thereunder have been paid or discharged and the Agreement is of no further force or effect whatsoever with respect to the Property. This Termination fully satisfies the obligations of SB1 under the Agreement.

#### [SIGNATURES APPEAR ON THE FOLLOWING PAGE]

IN WITNESS WHEREOF, the Village hereto has executed this Termination as of the date first written above.

#### AGREEMENT AND WAIVER OF SPECIAL ASSESSMENT NOTICES AND HEARING UNDER SECTION 66.0703, WISCONSIN STATUTES

This Agreement is dated this  $4^{++}$  day of February, 2014 between the VILLAGE OF PLEASANT PRAIRIE, a Wisconsin municipal corporation, (the "Village") and SB1 PLEASANT PRAIRIE, L.L.C., a Delaware limited liability company ("SB1"). RECITALS

The Village and SB1 acknowledge the following:

SB1 owns five parcels of real estate located in the Village and described on Α. Exhibit A attached hereto as Parcel 1 through Parcel 5 (individually a "Parcel and collectively the "Parcels").

The Parcels are subject to a Memorandum of Understanding and Waiver of B. Special Assessment Notices and Hearings under Section 66.0703 of the Wisconsin Statutes recorded November 9, 2007 as Document No. 1539378 in the Office of the Kenosha County Register of Deeds (the "Prior Agreement").

C. The Parcels are also subject to development agreements between the Village and V.K. Development Corporation ("VK"), former owner of the Parcels and the documents listed on Exhibit B are recorded against the Parcels to evidence such agreements (collectively the "Development Agreements").

The Development Agreements and the Prior Agreement provided for, among D. other things, certain improvements to on-site and off-site roadways at the sole cost of VK. In the event that VK had not constructed the improvements required to State Highway 50 and desired a release of these obligations for one or more Parcels, then the Prior Agreement provided a formula for securing the payment of road construction costs relating to improvements described as the Phase 3 Improvements in a Memorandum of Understanding dated as of August 13, 2007 between the Village and the Wisconsin Department of Transportation ("WISDOT").

Subsequent to the date of the Development Agreements, WISDOT has committed E. to a major road improvement project that would reconstruct nearly 5 miles of State Highway 50. including but not limited to the work required under the Development Agreements. The Village will be required to financially participate in the project with WISDOT.

The Village and SB1 desire to enter into this Agreement to reflect the change in F. circumstances under which the road improvement obligations under the Development Agreements will be constructed and paid for.

The Village and SB1 desire to replace all obligations of VK and SB1 to construct E. and/or pay for roadway improvements under the Prior Agreement and the Development Agreements with the covenants and agreements set forth below:

#### AGREEMENTS

In consideration of the Recitals and mutual covenants set forth below, the Village and SB1 agree as follows:

1. As provided herein, SB1 agrees to pay the Village \$1,602,092 (the "Road Costs") in satisfaction of all obligations under the Prior Agreement and the Development Agreements.

2. The Road Costs shall be due and payable as provided in paragraph 3 below upon the earlier of (a) the sale or transfer, whether voluntary or involuntary, of any Parcel or portion of a Parcel, (b) as a condition to the issuance of a building permit for development of a Parcel or portion of a Parcel or (c) February 1, 2024. Notwithstanding the foregoing, the Road Costs shall not be due and payable in connection with a transfer from SB1 or an affiliate of SB1 to an affiliate that is not for the purpose of constructing improvements on the land transferred. For purposes of this paragraph, an "affiliate" shall be any entity owned in whole or in part by the owners of the transferor.

3. Upon the sale, transfer or development of any Parcel or a portion of a Parcel ("Sale Parcel"), a payment of Road Costs calculated by multiplying the gross square footage of the Sale Parcel by \$1.45 shall be due and payable to the Village. The gross square footage of a Sale Parcel shall be determined by: (i) in the case of a platted lot, the area shown on the Final Plat of Subdivision; (ii) in the case of a Sale Parcel that is created by a certified survey map, then the area shown on the certified survey map, or (iii) if the Sale Parcel is neither a platted lot nor a lot on a certified survey map, then the area shall be established by a boundary survey of the land being sold or developed prepared by a licensed Wisconsin surveyor. Upon receipt of such payment, the Village shall release the Sale Parcel from all obligations under this Agreement by delivering a recordable release in the form attached hereto as Exhibit C (the "Release"). If the Road Costs are not paid in full prior to February  $\frac{1}{4}$ , 2024, then the entire unpaid balance of the amount of such balance, the Village shall deliver a Release of all of the land in the Parcels that has not been previously released.

4. In the event that the entire balance of the Road Costs have not been paid on February 4, 2024, or in the event that a sale or transfer of a Parcel or a portion of a Parcel has occurred without payment of the proportionate share of the Road Costs as required under Paragraph 3 herein, then SB1 agrees that the Village may immediately levy special assessments on and against the remaining Parcels, or portions thereof, not previously released from this Agreement in an amount calculated by allocating the unpaid balance of the Road Costs pro rata to the gross square footage of the unreleased portions of the Parcels and assessing the resulting amount against each respective Parcel or unreleased portion thereof. In accordance with Section 66.0703(7)(b) of the Wisconsin Statutes, SB1 hereby waives all special assessment notices and hearings required by Section 66.0703 of the Wisconsin Statutes relating solely to the levying of special assessments for the unpaid balance of the Road Costs after February 4, 2024 as described in this Agreement and only against the remaining Parcels 1 through 5, or portions thereof, not previously released from this Agreement. SB1 further agrees and admits that the benefits to the Parcels from the construction of the roadway improvements are in proportion to

2

the acreage thereof. The foregoing consent by SB1 to the levying of special assessments and SB1's waiver of notice and hearing under Section 66.0703(b) of the Wisconsin Statutes is limited solely to the levying of special assessments relating to the unpaid balance of the Road Costs after February  $\underline{\Psi}$ , 2024 as described herein, and is not and shall not be construed as a consent to special assessment or waiver of notice and/or hearing for a special assessment for any special assessment(s) now contemplated or contemplated in the future by the Village against any part or all of the Parcels.

5. The obligations under this Agreement and the Waiver of Special Assessment Notices and Hearing under Section 66.0703 of the Wisconsin Statutes are obligations which run with the Parcels until released as provided herein, and shall be binding upon SB1, its successors, assigns, and future owners of all or any portion of the Parcels unless and until such Parcels or a portion thereof is released from this Agreement as provided herein.

6. The payment of the Road Costs as described in paragraph 3 above shall be the only payment or obligation due the Village relating to the Parcels and arising out of or relating to (a) the Prior Agreement, (b) the Development Agreements or (c) improvements to Highway 50 including but not limited to reconstruction of Highway 50 and the intersections of Highway 50 and 104th Avenue, 99th Avenue, 96th Avenue, 94th Avenue, 91st Avenue and 88th Avenue. The Parcels shall not be subject to any special assessments relating to the proposed WISDOT Highway 50 project other than as expressly provided in this Agreement. This Agreement shall not affect the obligation of the owners of the Parcels or portions of the Parcels to pay costs relating to improvements to be constructed on the Parcels after the date of this Agreement such as permit and review fees, utility connection fees or other costs relating to the proposed on-site improvements. The payment of Road Costs will not be a requirement of any land division.

7. SB1 acquired Parcel 6 as described on Exhibit A after the Prior Agreement. Parcel 6 is not subject to the Prior Agreement and is not subject to assessment pursuant to this Agreement. However, the Village also agrees that Parcel 6 shall not be subject to any special assessments relating to the proposed WISDOT Highway 50 project.

8. The Village declares, covenants and agrees that all obligations of VK or SB1 under the Prior Agreement and the Development Agreement with respect to the Parcels have been satisfied in their entirety and all amounts due thereunder have been paid, discharged or replaced by this Agreement and the Prior Agreement and Development Agreements are of no further force or effect whatsoever with respect to the Parcels and that the Parcels are hereby released from the Prior Agreement and the Development Agreement.

9. This Agreement may only be amended by a written amendment signed by the Village and the owner of the Parcels or portions thereof that have not been released from this Agreement

10. This Agreement and all matters pertinent thereto shall be construed and enforced in accordance with the laws of the State of Wisconsin. The parties agree that venue for any civil action hereunder shall be filed in the Circuit Court for Kenosha County, Wisconsin, even if another forum might be more convenient for one or more of the parties. In the event of any litigation between the parties, the party that substantially prevails shall be entitled to recover its

3

reasonable costs and attorney fees from the non-prevailing party. If any provision of this Agreement shall be held to be invalid, void or unenforceable, the remaining provisions hereof shall not be affected or impaired, and such remaining provisions shall remain in full force and effect to the greatest extent permitted by law.

[Signatures on following pages]

The Village and SB1 have caused this Agreement to be signed and dated as of this  $\frac{44h}{3}$  day of February, 2024.

Subject: RE: Termination of Agreement and Waiver of Special Assessment Notices

#### Jean,

The only special assessment currently outstanding is on the Kwik Trip parcel (Parcel# 91-4-122-081-0106) for their sewer connection fee \$12,000.00. The fee was invoiced on 11/20/2015 and due by 12/20/2015.

The STH50 transportation assessment is paid in full. This release doesn't preclude us from assessing impact fees and sewer connection fees in the future does it?

Thanks.

Subject: Termination of Agreement and Waiver of Special Assessment Notices

Jean,

Attached is a draft of the final release reflecting that all payment obligations under the previously recorded agreement have been satisfied. While partial releases have been recorded regarding certain parcels, we thought it best to have this final release include a comprehensive list of the affected properties, as some of the legal descriptions have changed since partial releases were recorded due to the subsequent recording of CSM's. Otherwise, the draft is consistent with the

partial release form attached to the agreement. Please contact me with any questions or comments. We are hoping to record the release by December 2.

Regards,

#### **David M. Sanders**

Re: FW: Termination of Agreement and Waiver of Special Assessment Notices
Tuesday, November 24, 2015 8:38:01 AM

Jean:

I am fine with the form of this document as long as all obligations under the Agreement are completely satisfied. The Agreement had attached a form of Partial Termination of Agreement that was to release the Agreement only against certain specified property. If all obligations under the Agreement are now satisfied as to all properties I am fine with this form. If there are any open obligations we need to go back to the Partial Termination of Agreement form.

Subject: Termination of Agreement and Waiver of Special Assessment Notices

Jean,

Attached is a draft of the final release reflecting that all payment obligations under the previously recorded agreement have been satisfied. While partial releases have been recorded regarding certain parcels, we thought it best to have this final release include a comprehensive list of the affected properties, as some of the legal descriptions have changed since partial releases were recorded due to the subsequent recording of CSM's. Otherwise, the draft is consistent with the partial release form attached to the agreement. Please contact me with any questions or comments. We are hoping to record the release by December 2.

Regards,

TO:	Village Board Trustees
FROM:	Jane M. Romanowski Village Clerk
DATE:	December 2, 2015
RE:	2016 Mobile Home Park Licenses

License renewal applications for the following four mobile home parks in the Village have been submitted - City View Mobile Home Park, 4303 - 75th Street; Westwood Mobile Home Park, 7801 - 88th Avenue; Timber Ridge Mobile Home Park, 1817 - 104th Street and Scotty's Mobile Home Park, 5310 75<sup>th</sup> Street.

Attached is a combined inspection report from the Community Development and Building Inspection Departments indicating that although a few minor violations exist the licenses may be issued. The Finance Department has indicated there are not any delinquent taxes, fees, utilities or invoices on these properties.

License fees have been paid, and I recommend renewal of the mobile home park licenses for the four parks listed above for the period 1/1/16 through 12/31/16 subject to Chapter 221 of the Municipal Code.

# Memo

To:	John P. Steinbrink, Village President Village Board of Trustees		
From:	Jane M. Romanowski, Village Clerk		
Date:	December 1, 2015		
Re:	Appointment of Election Officials		

In accordance with Wisconsin Statute Section 7.30(4)(a), election officials are to be appointed to twoyear terms in December of odd-numbered years. The following is a list of my recommendations for two-year appointments of election officials effective January 1, 2016– December 31, 2017. The inspectors are to be appointed without party affiliation.

#### VILLAGE OF PLEASANT PRAIRIE RESOLUTION #15-37

#### ACCEPTANCE OF PUBLIC IMPROVEMENTS RE: PUBLIC STREET, SANITARY AND STORM SEWER, WATER MAIN, STREET TREES AND LANDSCAPING IMPROVEMENTS FOR VILLAGE GREEN HEIGHTS, ADDITION #1, PHASE 4A, PLEASANT PRAIRIE, WISCONSIN AS LEGALLY DESCRIBED BELOW

#### Legal Description:

Lots 136 thru 218 and Outlots 7 thru 11 of the Village Green Heights Addition #1 Subdivision located within U.S. Public Land Survey Section 23, Township 1 North, Range 22 East of the Fourth Principal Meridian, in the Village of Pleasant Prairie, Kenosha County, Wisconsin.

**WHEREAS,** on August 14, 2006, a Memorandum of Development Agreement between the Village and Land & Lakes Development Company was duly recorded as Document No. 1490771 at the Kenosha County Register of Deeds Office; and

**WHEREAS,** the Village Green Heights Subdivision as referenced in the Agreement the Developer dedicated, given, granted and conveyed, to the Village, certain right-of-way affecting the properties and certain areas included in the Development for the public street, sanitary and storm sewer, water main, street trees and landscaping improvements, and maintenance purposes and access purposes. These dedications are described on the approved Village Green Heights Subdivision for the Development, which is a part of said Agreement; and

**WHEREAS,** all public improvements such as but not limited to public street, sanitary and storm sewer, water main, street trees and landscaping improvements have been completed, inspected and record information received.

**NOW, THEREFORE,** on December 7, 2015 the Village of Pleasant Prairie Board of Trustees hereby accepts the public street, sanitary and storm sewer, water main, landscaping improvement associated with Village Green Heights, Addition #1, Phase 4A developed by Land & Lakes Development Company as specified in said Agreement.

#### Adopted this 7<sup>th</sup> day of December, 2015.
